Biographical Information

Leroy Eldridge Cleaver rose to prominence in the late 1960s as a leading African American intellectual and political revolutionary. As minister of information for the Black Panther Party during tumultuous years of social upheaval, Cleaver became a symbol of rebellion, freedom, and eloquence for those seeking political and social change. His 1968 best-selling book of essays, *Soul on Ice*, served as a guidebook for radicals in the New Left, student, and civil rights movements.

Cleaver was born on August 3, 1935, in Wabbaseka, Arkansas. When he was still young, the family moved to Phoenix, and in 1946 the family moved to the Watts section of Los Angeles. During his teenage years in Los Angeles, Cleaver was arrested for bicycle theft and for selling marijuana, and was sent to two different reformatories. In 1954, he was again arrested for dealing marijuana and was sentenced to two-and-a-half years at the California State Prison at Soledad.

Released from prison, Cleaver resumed dealing drugs and embarked on a series of rapes, perpetrated, first, on black women, then on white women. In 1958, roughly a year after his release from the Soledad prison, Cleaver was arrested and charged with attempted rape and assault with intent to kill a nurse in a parking lot. He was convicted for assault, and sent to prison.

During his subsequent eight-year stay in the San Quentin and Folsom prisons, Cleaver read widely and became a member and minister of the Nation of Islam (often called the Black Muslims). He also became an admirer of Nation of Islam leader Malcolm X. When Malcolm X broke from the Nation in 1963, Cleaver followed his example.

With the assistance of Beverly Axelrod, a white San Francisco lawyer, Cleaver was released from prison for the second time in 1965. During his incarceration, Axelrod and Cleaver corresponded and had a brief love affair, and Axelrod helped Cleaver get several essays published in *Ramparts*, an influential left-wing magazine. These essays, in turn, built support for Cleaver's cause among members of the U.S. intellectual community, including writer Norman Mailer. The support of such intellectuals helped persuade the parole board to release Cleaver from prison.

After his parole, Cleaver began writing for *Ramparts*. Two years later, in 1967, while living in the San Francisco Bay area, Cleaver married Kathleen Neal, who had been an activist with the Student Nonviolent Coordinating Committee (SNCC). That same year, he befriended Huey P. Newton and Bobby Seale, cofounders of the Black Panthers; he soon became the party's Minister of Information. As spokesperson for the Panthers, Cleaver helped articulate the group's Ten Point platform, which included demands for Black self-determination and an immediate end to police brutality and the right to self-defense.

In February 1968, Cleaver published *Soul on Ice*, which quickly became a best-seller and was named Book of the Year by *The New York Times*. The book includes essays on Cleaver's relationship to Malcolm X, Cleaver's rejection of U.S. capitalism, the solidarity between African Americans and citizens of third-world countries, U.S. imperialism, the relationship between sexuality and race in the United States, and Cleaver's admiration of the student movement of the 1960s.

The success of *Soul on Ice*, the assassination of Martin Luther King, Jr. and the imprisonment of Black Panther Chairman, Huey P. Newton, helped propel Cleaver to political prominence. In 1968, the Peace and Freedom Party nominated him for the U.S. presidency. Cleaver campaigned for a revolutionary movement that would integrate Black and white radicals; he received 30,000 votes.

Cleaver's success as a political leader in the U.S. was short-lived. On April 6, 1968 (two days after Martin Luther King, Jr. was assassinated), Cleaver and fellow Panther, Bobby Hutton, were involved in a shootout with the Oakland police. Hutton was killed and Cleaver was arrested. He was released on a writ of *habeus corpus*, and then fled to Cuba after a higher court revoked his release in November, beginning seven years of exile in Cuba, Algiers, and Paris.

Cleaver continued his radical activity overseas. In 1969, the Black Panther Party opened its International Section in Algeria under his guidance. He led two Panther delegations to Asia to meet with leaders in North Vietnam, North Korea, and China. However, Cleaver's exile was also accompanied by a decline in his influence at home and marked by rifts with Black Panther Party leadership in the U.S. - rifts that were exploited by the FBI's COINTELPRO Program. In 1971, Cleaver broke with the Panthers and, along with his wife, Kathleen, and other former international members, formed the Revolutionary Peoples' Communication Network (RPCN). Cleaver grew increasingly disillusioned with the Algerian government's lack of support; in January 1973, Cleaver reunited with Kathleen in Paris. Eventually, the French government granted him asylum. While in exile, the couple had two children, Antonio Maceo, and daughter Joju.

Eventually, Cleaver could no longer abide life away from the United States, and he negotiated his return, on the F.B.I.'s terms, as a prisoner in 1975. Over the years, Cleaver's political views had become conservative, a turn he attributed, in part, to his disillusionment with life in communist countries. In addition, while he was in France, Cleaver claims to have had a mystical vision, in which he saw the face of Christ in the moon. The vision laid the foundation for his conversion experience. Cleaver returned to the States born again, both as a Christian and as a conservative. Shortly after he arrived, he said, "I'd rather be in jail in America than free anywhere else."

While in jail in 1976, Cleaver announced that he was a born again Christian and renounced the Marxism-Leninism and atheism of his Black Panther days. After his release on bail he began a short career as leader of a religious revivalist movement, the Eldridge Cleaver Crusades, which he founded in 1977. In 1978, Cleaver published a second memoir, *Soul on Fire*. In 1980, Cleaver created a new church, a synthesis of Christianity and Islam he called Christlam. He also spoke at colleges on behalf of Reverend Sun Myung Moon's campus ministry organization, the Collegiate Association of Research Principles (CARP). A few years later, Cleaver became involved with the Mormon Church.

In 1980, the murder charges pending against Cleaver from the 1968 shootout were dropped and Cleaver was placed on probation for assault and sentenced to twelve-hundred hours of community service.

Cleaver twice ran unsuccessfully for Congress in the 1980s. In 1984, he lost his race for a House seat to Oakland Congressman Ron Dellums; in 1986, he ran in the Senate primary against incumbent, Alan Cranston, campaigning as a conservative Republican.

In the mid-1980s, Cleaver became addicted to crack cocaine. He was arrested several times for cocaine possession and related charges, between 1987 and 1992. In 1987, Kathleen Cleaver divorced him. In 1994, after nearly dying in a cocaine-related assault, he kicked his addiction and returned to Christianity. Cleaver was working as a diversity consultant for the University of La Verne, near Los Angeles, when he died in Pomona, California on May 1, 1998.

Series 9 **Legal Documents**

Physical Description: Cartons 16-31; Box 5; Box 7, folders 5-19; Oversize folder 1

Arrangement

Further divided into eight subseries: 9.1 Parole Cases; 9.2 *People of California vs. Eldridge Cleaver*; 9.3 *People of California vs. Eldridge Cleaver*- Related Cases; 9.4 Federal Surveillance Cases; 9.5 FBI Files; 9.6 Beverly Axelrod; 9.7 General Legal Files; 9.8 California Department of Corrections Records

Scope and Content Note

Most materials relate, either tangentially or directly, to the case surrounding the 1968 shootout in Oakland (*People of California vs. Eldridge Cleaver*), for which Cleaver was tried after returning from exile. In addition to evidence from the 1968 shootout (witness statements, diagrams, etc.), the files include briefs and other legal documents regarding the cases of other Black Panthers tried for the shootout while Cleaver was in exile. Also included are legal documents relating to the various appeals Cleaver submitted in relation to this case and to his legal case against the federal government requesting the release of his FBI files, to support his contention that he would not have received a fair trial in 1968, thus defending his choice of exile over trial. In addition to the legal documents related to this fight, the collection includes the released and excised copies of FBI files on Kathleen and Eldridge Cleaver, the Black Panther Party and other individuals associated with the Black Panther Party.
