Scope and Content

Includes field notes, questionnaires, reports, printed matter and clippings used in preparation of his doctoral dissertation, *Productive Enterprises among the Unemployed, 1931-1938*.

It has been roughly sorted and grouped according to subject matter. Mr. Kerr’s original subject divisions have been retained with the exception of a slight arrangement of their sequence in order to place the materials concerning Co-operatives in California before those relating to the United States in general. (Some of the material was originally collected by Paul S. Taylor.)
