Digital Representations Available

Digital representations of selected original pictorial materials are available in the list of materials below. Digital image files were prepared from selected Library originals by the Library Photographic Service. Library originals were copied onto 35mm color transparency film; the film was scanned and transferred to Kodak Photo CD (by Custom Process); and the Photo CD files were color-corrected and saved in JFIF (JPEG) format for use as viewing files.

Acquisition Information
The Miscellaneous Stereoviews from the Eugene Compton Collection photographs were donated by Eugene Compton circa 1965.

Scope and Content
The Miscellaneous Stereoviews from the Eugene Compton Collection Consists of 30 stereographic prints taken during the years 1870 to 1890. Various photographers are represented, including William A. Bell, M. Dickson, Duhem Brothers, M.M. Hazeltine, William Henry Jackson, Andrew Price, Savage & Ottinger, J.C. Scripture and Charles Weitfle. The collection contains views from many Western scenes: mainly the Rocky Mountains, Salt Lake City, Hawaii and California. Other views show commercial goods for sale: Main & Winchester tackle, tents and awnings, Granite Iron Ware (stoves, cans, etc.) and items from the California Silk Company. Several railroad views are also present.
Printed captions are reprinted in the container listing. Captions in parentheses appear in manuscript on the stereographs. Captions in brackets have been supplied.
