Abstract: Local news photographs taken by staff of the Examiner, a major San Francisco daily newspaper. The vast majority of the negative files record local persons and events in San Francisco, the Bay Area, and Northern California. Included are all the topics typically found in local news coverage, including politics, state and local government, society, sports, visiting dignitaries and celebrities, fashion, the arts, crime, accidents, transportation, urban and suburban development, and human interest stories. The negative files are not limited to images that were published in the newspaper; the majority was never printed.

Languages Represented: Collection materials are in English

Physical Location: Many of the Bancroft Library collections are stored offsite and advance notice may be required for use. For current information on the location of these materials, please consult the library’s online catalog.

Access
AVAILABLE BY APPOINTMENT ONLY. SOME PORTIONS RESTRICTED.

Acquisition Information

Gift of the SF Newspaper Company, LLC, in consultation with the Fang family of San Francisco, former owners of the San Francisco Examiner.

Processing Information

Initial arrangement and housing were undertaken by Bancroft Library staff from 2007 to 2009, supported by grant funding from the National Endowment for the Humanities (NEH). Preservation efforts continued from 2009 through 2010 with the support of a Save America's Treasures grant. Additional description (now part of this finding aid) was supported by a Hidden Collections Grant from the Council on Library and Information Resources (CLIR), from 2009 through 2012.

Scope and Content of Collection

Local news photographs taken by staff of the Examiner, a major San Francisco daily newspaper. The vast majority of the negative files record local persons and events in San Francisco, the Bay Area, and Northern California. Included are all the topics typically found in local news coverage, including politics, state and local government, society, sports, visiting dignitaries and celebrities, fashion, the arts, crime, accidents, transportation, urban and suburban development, and human interest stories. The negative files are not limited to images that were published in the newspaper; the majority was never printed.

Original filing order has been maintained. The file system is based on filing code system used until 1981, and is chronological from 1981 until 2000.

This finding aid presents the archive's contents in simple box number order (1-3182). Descriptions of most boxes consist of "selected highlights" only; that is, material that stood out to Library staff as significant or unusual. These content notes summarizing highlight are supplemented, in some instances, by full listing of every news story (negative sleeve) found in the box. The majority of boxes have not had their contents listed at this sleeve level.

The following summary describes characteristics of various box number runs, broken down either by physical material type or by arrangement scheme. Formerly, physical media (glass plates, nitrate film, and safety film) were interfiled with one another by code. For safety and preservation purposes, media have been separated for storage, and are described here as separate series with overlapping file code runs. (Note that the highest box number is 3182 in spite of a larger over-all box count. Some box numbers have been divided into several physical boxes and re-numbered, for example, as Box 11a and 11b.)
• Boxes 1-218: Nitrate film negatives, General File. (Filing codes between 1 and 99577.)
• Boxes 219-609: Glass negatives, General File. (Filing codes between 1 and 141333.)
• Boxes 610-1838: Safety film, General File. (Filing codes between 40-12000 and 90000-145928. For codes 12000-90000 see Subject files in boxes 2492-2547, below.)
• Boxes 1839-2491: Chronological File. (Filed by date, 1981 to 2000. No filing codes.)
• Boxes 2492-3155: Subject Files. (Filing codes between 12100 and 77377.)
  • Accidents: boxes 2492-2547. (Filing codes between 12100 and 16612.)
  • Aviation: boxes 2548-2559. (Filing codes between 20000 and 21013.)
  • Examiner: boxes 2560-2610. (Filing codes between 24000 and 26087.)
  • Fires: boxes 2611-2639. (Filing codes between 27000 and 27551.)
  • Labor: boxes 2640-2664. (Filing codes between 30000 and 30364.)
  • Military: boxes 2665-2691. (Filing codes between 33000 and 33546.)
  • Society: boxes 2692-3011. (Filing codes between 38000 and 42999, A38000 and A38814, and 80000-80692.)
  • Sports: boxes 3012-3155. (Filing codes between 43000 and 77378.)
• Boxes 3156-3175: Large format film negatives.
• Box 3176: Miscellaneous negatives with no codes or dates.
• Boxes 3177-3182: Negatives by photographer Kim Komenich, previously separated from Chronological Files and added back into the archive at a later date.

Additional Notes on Collection
Various photographers.
Title supplied by cataloger.
For the majority of the negative archive, this finding aid briefly summarizes the contents of each storage box. Contents notes are a list of “highlights” observed by Bancroft Library staff during arrangement and housing work. These selected highlights notes are subjective and are not complete lists of contents. For approximately 500 boxes (of the 3,182 box total) additional descriptions at the sleeve (or news story) level have been added, providing a far more complete and detailed listing of the subjects present. The library hopes to continue sleeve-level descriptive work and add to this finding aid in future.

Truck turns over at Red Hill Avenue and Highland Street. 1937-04
Scope and Content Note
Automobile accident. Note enclosed in sleeve: Photos of an oil truck which overturned on Red Hill Avenue at Highland Station this morning. The truck was going toward San Anselmo when the driver, John Dowling, age 24, put on the brakes. The brakes locked and the truck careened over to the opposite side of the road. The driver was unhurt, there were no cars coming in the opposite direction and, although both San Rafael and San Anselmo fire departments responded hopefully, there was no fire. There was gasoline all over the highway, however.

Loreen Caten, San Jose. 1938-04 BANC PIC 2006.029--NEG

Scope and Content Note
Note enclosed in sleeve: The San Jose police force took their hats off to their only woman member, Loreen Caten, today when she beat them at their own game and came in from the pistol range with top score. Mrs. Caten, young and good-looking, scored ten out of ten shots from a police special 38 revolver in the target. At 15 feet, nine of her consecutive shots were inside the bullseye and the tenth struck the six inch target. Police instructor Sergeant W.E. Brown said that Mrs. Caten topped a detail of 10 officers, her closest competitor scoring eight out of ten shots. "Beginner's luck," she laughed, but the men of the department claim it's more than that. Mrs. Caten had hunted with a rifle before joining the police force a year ago. She said she learned to shoot a revolver at San Jose State College (SJSU) police training school which she attended. She is a "south paw" but says she finds that no handicap.

Note enclosed in sleeve: A brand new sport has taken San Jose State College by storm! It is the good old backlot game of horseshoes. First introduced by the men who formed a club, classes and even arranges for credits on their athletic requirements, the women have taken it up with equal enthusiasm. The game is played with regulation posts 40 feet apart and shoes that would fit the world’s champion Percheron stallion. Patricia Blackwood, who is organizing the women’s division, says that with lighter shoes the girls expect to meet the men this spring in competition. Pictured are Patricia Blackwood throwing, Kenneth Friel standing that Gabriel Velez, the college horseshoe champion, squatting.

Creator/Collector: Bryant

Scope and Content Note

Includes E.T. Buck Harris, Fred Daiger and Merrill C. Phillips at KGEI (radio station) studios at the Fairmont Hotel. Note enclosed in sleeve: Hundreds of letters from servicemen in Alaska, Hawaii and the Pacific are piled up, waiting to be acknowledged on the Musical Mail Bag, a new weekly program jointly sponsored by the San Francisco Examiner and General Electric’s 50000 watt short wave international broadcasting station KGEI. Relatives and friends of soldiers, sailors and marines will be briefly interviewed and allowed to say “hello” to their loved ones. In this picture, with arms full of mail from servicemen, are the co-producers in charge of this fascinating program. Left to right, E.T. Buck Harris, Fred Daiger and Merrill C. Phillips. The program starts September 7, 1941 and will be broadcast every Sunday from 10:15 to 11:15 PST and may be heard locally over KYA (radio station).
