Access
Collection is open for research.

Publication Rights
All requests for permission to publish, reproduce, or quote from materials in the collection should be discussed with the Curator.

Preferred Citation
[Identification of Item], Records of Walter Guthrie (2008-04). Environmental Design Archives, University of California, Berkeley.

Biographical Note
Walter Guthrie attended the Jewish Farm School in Doylestown, PA, and served in the Military from 1956-1958 surveying the East German Border. In 1958, he graduated from Oregon State in horticulture and design and went to work for the landscape firm of Osmundson & Staley, where Staley met his wife, Lisa, also a landscape architect. The couple married in 1960. Guthrie then left Osmundson to work for Thomas Church in 1961 (replacing Casey Kawamoto). After working more than a decade (1961 to 1973) with Church, Guthrie joined the firm which became Johnson, Leffingwell and Guthrie. This firm split up in 1980 and each partner opened individual practices. Prior to his death, Guthrie was interviewed by the Cultural Landscape Foundation as one of four Bay Area "landscape legendaries." Guthrie died in 2006 at the age of 74.

Scope and Content of Collection
The records are arranged into two Series: Office Records and Project Records. The limited Office Records consist of correspondence, public relations material, and two notebooks containing notes and sketches related to individual projects. The bulk of the collection is comprised of Project Records including drawings, limited documentation, and photographs for a small number of projects.

**Indexing Terms**

The following terms have been used to index the description of this collection in the library’s online public access catalog.

**Subjects**

Landscape architects--California.
Landscape architecture--California.

**Genres and Forms of Material**

Architectural records.
Architectural drawings.

**Project Index**

The following is a list of architectural projects from the Walter Guthrie Records. For instructions on interpreting the Project Index, see [The Guide to the Project Index](http://www.ced.berkeley.edu/cedarchives/pindex/guide.htm).

The Project Index list is arranged alphabetically by Project/Client Name and contains information, where available, about the location, date, project type, architect, collaborators, photographers, and formats for each project in the collection.

**Project/Client Name (location, date, project type, architect) Collaborator (role), Photographer [Format - Ms=Manuscripts, Dr=Drawings, Ph=Photographs, Sl=Slides]**
