Copyright has not been assigned to The Bancroft Library. All requests for permission to publish or quote from manuscripts must be submitted in writing to the Head of Public Services. Permission for publication is given on behalf of The Bancroft

Library as the owner of the physical items and is not intended to include or imply permission of the copyright holder, which must also be obtained by the reader.

Preferred Citation

[Identification of item], University of California. Office of the President Records: routine files, CU-5, Series 6, University Archives, The Bancroft Library, University of California, Berkeley.

Identifier/Call Number: CU-5 Series 8:

Title: University of California (System). Office of the President. Permanent files,

Date: 1957-1975.

Scope and Content

The Office of the President is the highest administrative office of the University of California system and therefore these records document all facets of the operation of the university. Despite the fact that during this period the responsibility for many campus functions was delegated to the chancellor of each campus, these records remain critical for the study of the overall policies and practices of the university.

Series 6

Scope and Content Note

Series 6 of the Records of the Office of the President consists of 'Routine' or background files from the period 1968-1975, the administration of Charles J. Hitch.

With the Kerr administration, an entirely new filing system was adopted, the major feature of which was to divide materials between 'Routine' and 'Permanent' files. These 'Routine' files consist mainly of memoranda, correspondence, reports which lead up to a policy decision; the policy itself is usually reflected in the 'Permanent' files, however. To get a complete picture of a particular action it is sometimes necessary to review both sets of files

These files were transferred to University Archives in September 1996, along with the "Permanent" files for the Kerr and Hitch administrations, which will be found as Series 8 of this record group. The routine files from the Kerr administration had previously been transferred to University Archives and are described as Series 5 of this record group.
