Descriptive Summary
Title: American Jewish University, Digital Archive
Dates: 1947-2014
Bulk Dates: 1947-1999
Collection number: CLJ1
Creator: American Jewish University
Creator: University of Judaism
Creator: Brandeis-Bardin Institute
Collection Size: 1476 items; 1476 online items
Repository: American Jewish University
Bel-Air, CA 90077

Abstract: The American Jewish University Digital Archive includes photographs, scrapbooks, and ephemera depicting people, places and events that document the history from 1941 to the present of the University of Judaism and the Brandeis-Bardin Institute which merged to become American Jewish University in 2007.

Languages: Languages represented in the collection: English; Hebrew

Physical Location: Physical files are housed at the Ostrow Library of the American Jewish University.

Access
Collection open for research.

Accruals:
Additions to this collection may be transferred regularly.

Preferred Citation
[Identification of item], American Jewish University Digital Archive, American Jewish University, Bel-Air, CA 90077.

Project Information
These photographs were assembled from both campuses of American Jewish University. They were digitized in order to provide broader access to the cultural and social history of the Jewish community of the Great Los Angeles area. This collection aims to preserve and organize the American Jewish University’s history by digitizing hundreds of photographs and records from the 1940s until present day. Photographs are uploaded online to the American Jewish University, Digital Archive through OCLC’s Contentdm and can be viewed at the Callimachus Contentdm site.

Administrative History
American Jewish University, with its Familian campus in Bel Air, California and Brandeis-Bardin campus in Simi Valley, California, is the outcome of the 2007 union of Brandeis-Bardin Institute (BBI) and the University of Judaism (UJ). For more information, please see the history page at the following link: http://library.aju.edu/default.aspx?id=6824

Scope and Content of Collection
The American Jewish University Digital Archive includes photographs, scrapbooks, and ephemera depicting people, places and events that document the history from 1941 to the present, of the University of Judaism and the Brandeis-Bardin Institute which merged to become American Jewish University in 2007.
These photographs include great Jewish thinkers who founded AJU and were involved with its growth over the years. The creation of both institutions was made possible by philanthropists to whom we owe the building of University of Judaism and the Brandeis-Bardin Institute.

The collection aims to preserve and organize the American Jewish University’s history by digitizing hundreds of photographs and records from the 1940s until present day.

Items digitized represent a fraction of the archived material housed at both the Familian Campus and Brandeis-Bardin Campus of American Jewish University. Consult the library for further information.

Arrangement
This collection is organized by the identifier number it is given as it is digitized ("cajuol_" for photographs; "a_cajuol" for archival records).
