Descriptive Summary

Title: Motion Picture Photograph Collection

Dates: 1872-1971

Collection Number: P-026

Creator/Collector:

Extent: 48 linear feet (Boxes: letter, legal, 5x7, flat, ov, mc)

Repository: Seaver Center for Western History Research, Natural History Museum of Los Angeles County

Los Angeles, California 90007-4057

Abstract: Primarily photographs. Actor and actress stills, portraits by studio photographers, film stills, set stills and other images, as well as related programs, brochures and clippings. Early technology and experimental work in moving pictures is represented by images about camera and projection devices and their inventors. Items related to movie production include early laboratories, sound, lighting and make-up technology. See also GC1095 Motion Pictures Collection. ca. 1872-1971, undated
