Administrative history
ONE Inc. was founded in the last months of 1952, employed W. Dorr Legg as business manager in June 1953, and was officially incorporated by October 1953. The articles of incorporation declared that ONE Inc.'s primary goal was "to publish and disseminate a magazine dealing primarily with homosexuality from a scientific, historical and critical point of view, and to aid in the social integration and rehabilitation of the sexual variant." The publication of ONE Magazine, first released in January 1953, was the initial focus of the nascent corporation; however, the "General Purposes" section of the articles of incorporation listed the additional goals of education, research, and promoting integration. By the first available annual report in 1957, these purposes had developed into the major divisions of ONE Inc.: Publications, Education, Research, and Social Service. In 1968 the Commercial Division, also known as ONE Enterprises, was added to improve fundraising capacity, and in 1969 the Library Division. Although this organizational structure had largely disintegrated by the late 1970s, the functions of publishing, education, library services, and to a lesser degree research and social service, were maintained.

Departments that provided administrative services at various times across ONE Inc.'s history include the Bureau of Public Information, the House and Hospitality Committee, Business and Accounting, and Public Relations. Other departments that briefly emerged from other division services include the Book Service and News Service. The ONE World Travel Club, although never designated as a department or division, nonetheless provided a consistent travel service for ONE Inc. for over twenty years. The Institute for the Study of Human Resources (ISHR) was established in 1964 largely to funnel tax-deductible funds to ONE Inc. activities. Satellite offices were established between 1965-1978 as an outreach service of ONE Inc. in Chicago, Detroit, Long Beach, New York, and Phoenix.

Upon W. Dorr Legg's death in July 1994, the function of the organization shifted from an educational to an archives and library orientation. ONE Inc. and the International Gay and Lesbian Archives merged by the end of the year under the title of ONE Institute (since retitled the ONE National Gay and Lesbian Archives). Although some services such as lectures, the newsletter, and library services were maintained after the merger, a significant enough break had occurred to collocate the records into two chapters of a long history. The records documented here refer to that first chapter, 1952-1994.

Timeline of events
The following timeline provides a brief survey of the significant events in the history of ONE Inc.

October 1952: The topic of a homosexual magazine was first broached at a Los Angeles Mattachine meeting. This led to a series of increasingly dedicated discussions regarding the practicality, legality, and funding of the endeavor.

November 1952: The name of ONE was proposed by Guy Rousseau (Bailey Whitaker) from a quotation by Thomas Carlyle: "A mystic bond of brotherhood makes all men one." At a follow-up meeting, the name of ONE Inc. was proposed and adopted by a board of three directors acting as officers of the corporation as required by California state law. Historical accounts list the three directors as Martin Block, Chairman; Don Slater, Vice-Chairman; and Dale Jennings.
Secretary-Treasurer; although when the articles of incorporation were submitted on February 7, 1953, they were signed by Martin Block, Chairman; Tony Sanchez (Tony Reyes), Vice-Chairman; and Dale Jennings, Secretary-Treasurer. Corporation membership was set at nine people of which the first seven were Martin Block, Tony Reyes, Dale Jennings, Guy Rousseau, Merton Bird, Don Slater, and William Lambert (W. Dorr Legg). The additional two corporate members, Eve Elloree (Joan Corbin) and Ann Carll Reid (Irma "Corky" Wolf), were added in July 1953.

Custodial History

Many of the records documenting the early history of ONE Inc. are not represented in the collection. Although the foundation of the institution dates back to 1952, the first annual report and tax return in these records are not in evidence until 1957, and many of the early meeting minutes are reproductions. Some records may have been lost as a result of administrative changes, office moves, and internal disputes.

One of the more notable disputes occurred in 1965 when a breakaway group of ONE Inc. staff led by Don Slater secretly relocated business records and furniture from the ONE Inc. Venice Boulevard office with the intention of taking over the publication of ONE Magazine. Although a legal settlement in 1967 and arbitration in 1970 required a return of some materials, it is unknown the extent to which this requirement was carried out. Besides creating unknown gaps in the records of ONE Inc., the split also affected the arrangement of business records. For example, the relocation of subscription and membership files may be the reason behind the existence of two sets of alphabetically arranged correspondence files: one primarily before 1965 and one after.

Another notable dispute occurred in the mid-1980s when ONE Inc. engaged in a protracted legal battle with Reed Erickson over the ownership of the Milbank Mansion, home of ONE Inc. offices. Over the course of this dispute, ONE Inc. offices were ransacked, resulting in great disorder to the records.

Between 2003-2009, Craig Loftin and Richard Hulser each put in great time and effort to reintroduce order to the ONE Inc. records. As much as possible, the arrangements they created have been maintained within this collection. The ONE Inc. records have been supplemented by small, often anonymous donations from throughout the community. One notable donation is the Joan Corbin and Ginger Blakely papers which has provided an invaluable resource documenting the production of ONE Magazine (see the Institute of Homophile Studies section under the Education Division records series).

**Annual reports, covering years 1957-1975**  
Physical Description: [19 folders]

**Meeting minutes 1953-1994**  
Scope and Contents  
The records consist of annual, corporate, trustee, board of directors, board of governors, academic, and sundry other ad hoc meeting minutes of ONE Inc., 1953-1994. From 1953-1954 meeting minutes were labeled as corporation, regular, special, staff, or editorial; from 1955-1962 annual, corporate, or educational planning; and from 1963-1968 annual, corporation, or board of directors. A coding system was initiated in 1967 to label corporation meetings with a “c” and board of director meetings with a “b” (annual meetings were considered a subset of corporation meetings). From 1968-1973 corporation meetings were retitled as voting member meetings, but continued to be labeled with a “c.” In 1974 voting member meetings were retitled as trustee meetings and the “c” coding was replaced with a “t.” Although the codings ceased in 1978, the annual, trustee, and board of director meetings minutes continued through 1993. The advertising committee meeting minutes are represented between 1963-1964. When ONE Institute became an accredited advanced-degree program in 1981, academic council (1981, 1985, 1989, 1990, 1992) and administrative council (1982) meeting minutes appear (Note that the academic and administrative councils may be two names for the same group). The board of governors meeting minutes first appear in 1982 and seem to represent joint meetings of board members from both ONE Inc. and the Institute for the Study of Human Resources (ISHR). Note that additional minutes of joint ONE Inc. and ISHR meetings are represented throughout the later years of the records, but were not titled as Board of Governors.  
Reports presented at meetings have been included when available. Reports given at annual meetings between 1957 and 1976 can be accessed in the annual reports section of the administrative files.

ONE Magazine 1953-1967, 1972

Scope and Contents

The records consist of the 170 issues of ONE Magazine published by ONE Inc., 1953-1967, 1972. The records include individual issues of ONE Magazine, volumes bound by year, three autographed copies, and 14 indices covering the years 1954-1967. The magazine was published in a 6" x 7" size in 1953, a 5" x 8" size from 1954 to 1967, and a 8.5" x 11" size in 1972. The content include articles by Jim Kepner, Norman Mailer, Harry Otis, James Barr, and Donald Webster Cory as well as professional advice from psychologists Evelyn Hooker and Blanche Baker.

Biographical / Historical

At a Mattachine meeting in October 1952 devoted to socio-sexual issues of the day, a member voiced the idea that there should be "a way of letting more people know about these things" (ONE Magazine, "How ONE Began," volume 3, issue 2, February 1955). Out of that sentiment emerged ONE Magazine in January 1953, the first sustained serial publication in the western hemisphere devoted exclusively to homosexuality. Although ONE Inc. branched out into many different activities and functions over the years, the original articles of incorporation from 1953 state that one of the primary purposes "for which this corporation was formed are to publish and disseminate a magazine dealing primarily with homosexuality from the scientific, historical and critical point of view..."

Scope and Contents
The records consist of the individual issues of *ONE Confidential* published by ONE Inc., 1956-1967. Indices for *ONE Confidential* can be referenced under the *ONE Letter* section.

Biographical / Historical
*ONE Confidential* "is not just another magazine, but a privately issued newsletter for members of the corporation and staff members - those who have been generous of their time and money, so indicating their genuine interest in the corporation's works. *ONE Confidential* will not only keep its readers posted as to what the corporation is doing and planning, but it will also contain news items and other information not suitable for the general public, yet which seem important" (*ONE Confidential*, volume 1, number 1, March 1956).

Initially *ONE Confidential* was conceived as a way to quickly disseminate issues as they occur and so was planned with no regular publication date. However by 1959 *ONE Confidential* was being issued on a regular monthly schedule. *ONE Confidential* was originally published in a 8.5" x 11" size, but in 1964 was moved to a 5" x 8" size similar to *ONE Magazine*. In January 1968 *ONE Confidential* was recast as *ONE Letter*.

Arrangement
The publications are arranged chronologically by year.

**ONE Letter 1967-1994**

Scope and Contents
The records consist of the individual issues of *ONE Letter* published by ONE Inc., 1967-1994. The records include indices to *ONE Letter* covering the years 1956-1975. Note that although the indices contain the heading of *ONE Letter*, those prior to 1968 reference the *ONE Confidential* publication.

Biographical / Historical
*ONE Letter* replaced *ONE Confidential* in January 1968. The first issue of *ONE Letter* in December 1957 had a similar directive as *ONE Confidential*, with the cover describing it as "a news magazine for the Friends of ONE, the voting and non-voting members." *ONE Letter* was initially published in the same 5" x 8" size as *ONE Confidential*, but changed to a 8.5" x 11" size in 1970.

Arrangement
The individual issues and indices are each arranged chronologically.
**ONE Institute Quarterly: Homophile Studies 1958-1970**

**Scope and Contents**

**Biographical / Historical**

"One of the most tantalizing, and often one of the sorriest, features of the modern epoch is the development of those great systems of ideas which, seizing on some formerly overlooked or underrated area of human affairs, drive certain 'basic principles' from that area, and then attempt, often with remarkable adroitness, to explain all human relations, all human problems, all human history in terms of those principles." *ONE Institute Quarterly* intended to examine these systems "to see if and how homophiles fit into their patterns.... and to lead up to the question of whether it may be necessary for the homophile to construct his own system of thought, and fit the world into it, rather than continue the hapless effort to fit himself onto a Procrustean bed." *ONE Institute Quarterly* aimed to "demonstrate that those in the [homosexual] class do constitute one of the largest and most critical groups in human society, running through all classes, all times and all societies... and to attempt to understand that minority and to assay its place in 'the scheme of things.'" (*ONE Institute Quarterly* introduction by Jim Kepner, Volume 1, Spring 1958).

**Scope and Contents**

The records consist of the individual issues of *ONE Book Service* as well as other promotional material published by the book department of ONE Inc., 1955-1979. Roughly 40 issues of the *ONE Book Service* series were published under various titles from 1958-1971, although other material referencing books sales and the book service were published from 1955-1979. Note that not all Books Service publications may be represented in these records. Additional publications regarding the sale of books may be found in the promotional materials section.

**Biographical / Historical**

Although the Book Service department of ONE Inc. started in 1955 with the release of James Barr's *Game of Fools*, the *ONE Book Service* publication didn't begin until April 1958. This first issue explained that "the growth of ONE Book Service in the past three years has convinced us of the need of some sort of regular notification to our readers and book customers regarding new and interesting titles available in this field." While the series lasted until 1971, it never became a regularly scheduled publication. The publication displayed variable titles over the years including *Book Notes from ONE, ONE Book Service, ONE Bookservice, ONE Book Service Book Notes, ONE Bookservice Booklist, ONE Bookservice Checklist*, and *ONE's Book Service Checklist*.

**Arrangement**

The records are arranged chronologically by year.

**ONE Calendar 1966-1994**

**Scope and Contents**

The records consist of the individual issues of ONE Calendar published by ONE Inc., 1966-1994. ONE Calendar provided a format to promote events hosted by ONE Inc. including in-house and travelling lectures; in-house and extension educational courses; travel tours; campus tours; meetings; work, holiday, and summer parties; movie showings; Midwinter Institutes; fund drives; and special events. ONE Calendar also provided information about ONE Inc. services, funding and material needs, contact information, and hours of operation. To a lesser extent, calendar listings also provided information on job openings and events supported but not hosted by ONE Inc. The publication was titled Calendar of Events until 1972 when it was changed to ONE Calendar.

**Arrangement**

The records are arranged chronologically by year.

**The Butterfly 1974-1979**

**Scope and Contents**

**Biographical / Historical**

The Butterfly publication is actually a collocation of two sets of publications released by Ron Aviano at ONE Inc. The Butterfly Gazette was published from 1974-1975, while The Butterfly was published from 1977-1979. However the intention of both publications was summed up in the April 1977 issue: "Ron Aviano is the chairman of ONE in Los Angeles, the on-going social arm for the members and friends of ONE Inc. local denizens. The Butterfly is the newsletter and social calendar for ONE in Los Angeles." Contents of the publication include a calendar of events as well as poetry, short fiction, editorials, and personal accounts usually written by Ron Aviano. While ONE Calendar focused on official ONE Inc. functions, The Butterfly focused more on social gatherings, dining, hiking, dancing, comedy, theater, music events, et al.

**Arrangement**

The records are arranged chronologically by year.

**Physical Description:** [5 folders]

Scope and Contents
The records consist of flyers and bulk mailings that promoted events, news, travel, meetings, and fundraising for ONE Inc., 1952-1994. The materials include brochures and pamphlets about ONE Inc., press releases, news releases (including those issued from the short-lived ONE News Service), promotion of ONE sponsored and/or hosted events, and requests for funds. The records document the activities of the Publications, Education, Library, Research, and Social Service Divisions as well as the activities of the ONE World Travel Club, Institute for the Study of Human Resources, and satellite offices. Cinemattachine promotional materials are included from 1976 as are Pat Rocco’s ONE Adventure promotional materials from 1973.

The ONE News Service announcement of ONE Inc.’s Supreme Court victory can be found in the 1958 file. The announcement of the Los Angeles Police Chief Edward Davis’ slander against gays can be found in the 1973 file. Duplication should be expected.

Correspondence Series 3. 1952-1994
Physical Description: 26.6 Linear Feet

Scope and Contents
The records consists of incoming, outgoing, and interoffice correspondence across all divisions and activities of ONE Inc., 1952-1994. The records document requests for information and assistance, research and collaboration offers, publication orders, membership, outreach and media relations, office administration, educational offerings, travel tours, conferences, events, lectures, projects, proposals, business solicitations, and permission requests for use of materials among others. The records include letters, membership forms, memoranda, and occasional subject matter about a person or organization. The files include international correspondence from most Western European countries as well as from Vietnam, Columbia, South Africa, Burundi, Japan, Kenya, Singapore, Ecuador, Valenzuela, Peru, Southern Rhodesia, and Peru just to name a few. The files include correspondence and membership records from all occupations and stations of life from doctors to reverends, lawyers to prisoners, soldiers to activists, administrators to scientists. Note that although the correspondence series covers all areas of ONE Inc’s operations, specific correspondence is also provided in the Publications, Education, Social Service, and Research Division records series as well as in the ONE World Travel Club, Institute for the Study of Human Resources, and satellite offices records series. Note that within the three sections of this series, topical overlap should also be expected.

Arrangement
Correspondence and membership records (A-Z) 1953-1994

Scope and Contents

Note that the generic A, B, C... folders contain extensive correspondence from 1953 and especially 1964. The high volume of magazine requests from 1964 may be in part due to the 1964 *Life* magazine issue on the gay community and its mention of ONE Inc.

The W.S. Robin file contains a *ONE Magazine* envelop returned as undeliverable to ONE Inc. with the stamp "Refused at Customs" and the script "Prohibited." The Robert Dulane file contains a *ONE Magazine* envelop returned as undeliverable to ONE Inc. with the stamp "Mail returned by direction of Court appointed Receiver." The Lois Mercer file contains the Pioneer Award certificate she was awarded by ONE Inc. The Samuel O. Davis file documents a 1960s company advertising gay pornography, then scamming its customers.

The alphabetical maintenance of membership and subscription files seems to have largely ended in 1974, roughly corresponding to the end of the internationally distributed *ONE Institute Quarterly* in 1970 and *ONE Magazine* in 1972. It is unknown how membership and mailing lists were maintained after 1974 except that the reduction in distributed materials and incoming reader correspondence may not have required an extensive alphabetical system to manage.

Arrangement
The records are arranged alphabetically by the name of the correspondent.
Scope and Contents

Correspondence in the folders labeled "A" includes Acknell, Andrew K (1964); Anderson, Earl K. (1964); Artise, Robert (1964); Adams, Shallon Marshall (1964); Aldana, Ricardo (1964); Allen, James M. Publications Division records Series 4. 1946-1994 bulk

Scope and Contents
The records, 1946-1994, document the administration, production, circulation, advertising, copyright, and sales of serial and book publications at ONE Inc. from 1953 to 1994. Although the Publications Division was not officially established until the mid-1950s, the activity of publishing dates to the first publication of *ONE Magazine* in January 1953. The Publications Division dissolved as an independent department in the late 1970s, but the functions of this division, such as the publication of *ONE Letter* and *ONE Calendar*, were nonetheless maintained.

While the *Homophile Studies in Theory and Practice* publication was in part published by ONE Institute Press, a department created just for this purpose, the function of publishing a book has merited its inclusion in this series. Similarly, although book service orders were for a time handled by the Book Service Department and although the library later took over publication orders for ONE Inc., publications ordered by and from ONE Inc. have been collocated under this function of the Publications Division.

The actual published works of ONE Inc. will be found under the publications series. The records of published research projects such as "A Study of 388 North American Homosexual Males" and *An Annotated Bibliography of Homosexuality* will be found in the Research Division records series.

Administrative history
ONE Inc.'s original articles of incorporation cited as its primary purpose "to publish and disseminate a magazine dealing primarily with homosexuality from a scientific, historical and critical point of view." Under "General Purposes" the articles of incorporation continued that ONE Inc. would "publish and disseminate magazines, brochures, leaflets, and books pertaining to socio-sexual behavior." This formed the foundation of what was to become the Publications Division and established a core corporate function maintained long after the division ceased.

Arrangement
The records are arranged in the following subseries:

Biographical / Historical
The bulk of the alphabetically organized files of editorial correspondence and editorial images ends in 1965. This corresponds to a split in the organization in 1965 when Don Slater led a breakaway group from ONE Inc. and relocated editorial files to another office. Although much of these files were later returned, the original office of ONE Inc. may have implemented another set of editorial files such as the post-1965 files arranged by content, i.e. clippings, poetry, stories, etc.. Although post-1965 records are included in the pre-1965 set and vice-versa, whether this integration occurred at the time or at some later day is unknown.

Arrangement
The records have been arranged into four sections: 1) editorial correspondence, 2) editorial images, 3) mock-ups and edits, and 4) printing blocks.

Circulation and distribution 1953-1988
Scope and Contents
The records, 1953-1988, primarily document the circulation and distribution of ONE Magazine from its first release in 1953 to its final publication in 1972. The circulation documents primarily consist of inventory and circulation accounting records. The distribution records consist of correspondence, permission requests, and half sheets and index cards tracking distributors’ financial accounts; and include letters that highlight difficulties with distributors, the postal service, and legal compliance. Arrangement
The circulation records are arranged chronologically by year. The distribution records are arranged alphabetically by geographic location. Oversized circulation displays are listed at the end.

Education Division records
Series 5. 1907-1994 bulk

Physical Description: 8.5 Linear Feet

Scope and Contents
The records document the activities of the Education Division of ONE Inc., 1907-1994, bulk 1953-1994. The majority of the records center on the ONE Institute of Homophile Studies, 1955-1994, reflecting its dominant role not only in the Education Division, but within ONE Inc. The Midwinter Institute is documented from the first event in 1955 until the final banquet in 1982. Lectures consist of both the records of the Educational Division's lecture series starting in 1956 as well as documentation of ONE Inc. staff's outreach into the community. Extension classes, a prominent element of the education division in the late 1950s and 1960s, are documented in the general files of this series; the satellite offices series; the events, conferences, and committees section of the administrative records series; and in the promotional materials section of the publications series.

Administrative history
On October 15, 1954, the ONE Inc. board voted that there be "a series of forums... dealing with scientific, philosophical, legal, and social questions pertaining to homosexuality." The result was the Midwinter Institute of January 1955, the first of nineteen annual institutes and banquets offered between 1955 and 1982. The success of the first Midwinter Institute encouraged the newly formed Education Division to develop a curriculum for an academic institution devoted to the specialized study of homosexuality. Initially the graduate program aimed to train homosexuality specialists and counselors, but after a review in 1956 by an Education Planning Committee (W. Dorr Legg, Merritt Thompson, Jim Kepner, and Julian Underwood), it was recommend that the school take a broader approach devoted to the general study of homosexuality and related socio-sexual issues.

The ONE Institute of Homophile Studies opened its doors in October 22, 1956, to staff members of ONE Inc. The sessions focused on surveying the attitudes and positions of biology, history, psychology, sociology, law, religion, literature, and philosophy relative to homosexuality. In 1957 the resulting class, "An Introduction to Homophile Studies," officially opened to all interested students. "The Homophile in History" course was added later that academic year, creating the two fundamental courses of the new academic program.

To expand its reach ONE Institute offered extension courses in Chicago (1963 and 1971), Denver (1959), Long Beach (1971 and 1973), New York (1966), and San Francisco (1957 and 1960). ONE Institute developed a public lecture series in 1956 and offered extension lectures across the country. ONE Institute staff contributed to outside committees, events, classes, and conferences, and offered academic counseling to undergraduate, masters, and doctoral candidate students in over 100 universities.

In 1981 the California State Department of Education officially certified ONE Institute of Homophile Studies as an advanced-degree program. An Academic Council was created to operate the school. Although the accreditation eventually lapsed, ONE Institute continued to offer classes and "degrees" until W. Dorr Legg's death in 1994.

Library Division records Series 6. 1955-1994

Physical Description: 3 Linear Feet

Scope and Contents

The records consist of the administrative files, cataloging manuals, project files, catalogs, and samples of submitted materials of the Baker Memorial Library at ONE Inc., 1955-1994. The administrative records document the development, operations, official reports, and policies of the library. The catalog, cataloging manuals, and projects records document the various catalogs maintained by the library over the years as well as the policies and activities that developed and maintained them. The samples of submitted materials document the materials submitted to and maintained by the library in addition to books, newsletters, and periodicals.

Because improvements in library operations often occurred in tandem with work conducted with the annotated bibliography project, the Annotated Bibliography of Homosexuality section of the Research Division records may provide additional information on the library. The funding of library staff in 1983 can be referenced under the Institute for the Study of Human Resources series. Gifts to the library are documented both in the accession files under catalogs as well as in the administrative records series under gifts.

Administrative history

In November 1953 ONE Inc. opened a small research library to the public at 232 South Hill Street. Although supplemented by important contributions from many supporters, the library was largely founded on two major donations of works: The Hamel Collection (mid-1950s) and the Whiteface Collection (1957). The library expanded in 1959 when an additional room was added to the office, allowing it to accept its third major contribution, the Kepner Collection. In 1958 the first shelf list was created; in 1960 the first circulation rules; and in 1961 subject headings and procedures for making catalog cards. In 1965 the library was officially named after Blanche M. Baker, M.D., Ph.D. and through 1994 was known as the Baker Memorial Library.

In 1965 a breakaway group of ONE Inc. staff led by Don Slater relocated library materials from the ONE Inc. Venice Boulevard office. Although it is unknown how many of these materials were returned (many are now located at the California State University, Northridge, Oviatt Library Special Collections and Archives), the library continued to grow and still grows today at the ONE National Gay and Lesbian Archives. A 1982 brief from the ONE thirty year celebration program provided the following synopsis of materials: “biographies relevant to the field; novels, plays, poetry and criticism; scientific works pertaining to homosexuality; anthropology, sociology, history, psychology having some relevance to the field; encyclopedias; language dictionaries; etc.” The library also included the Daisy Borden Harriman Archives which consisted of “several thousand periodicals, legal briefs, documents, slides, tapes, movies and primary documents...”

The first listed report of the library in 1957 puts it under the auspices of the Research Division. In the 1958 annual report it is listed under the Education Division and in the 1960 report under the Social Service Division. In 1961 it is listed as an independent department and remains so identified until 1969 when it is listed as a division. Although the annual library reports put the libraries of satellite offices under the division's supervision, the library division was primarily responsible for its own Baker Memorial Library. By the early 1980s, by which time the divisional structure of ONE Inc. had long ceased, the library was listed in organizational structures either as an independent department of ONE Inc. or as a department of ONE Institute.

Note that the name Leslie Colfax was a pseudonym used by various people across the 1950s and 1960s in the capacity of librarian and does not necessarily refer to any one individual.

Arrangement

The records are arranged into four sections: 1) administrative records, 2) cataloging manuals and projects, 3) catalogs, and 4) samples of submitted manuscripts and other material.

Research Division records Series 7. 1957-1993 bulk

Physical Description: 1.8 Linear Feet

Scope and Contents

The records document the independent research projects of ONE Inc., the cooperative endeavors with university and research teams, and outside research requests and proposals, 1957-1993, bulk 1957-1982. The records consist of grant applications, research data, reference materials, statistics and analyses, report drafts, final reports, and correspondence.

Although "A Study of 388 North American Homosexual Males" emerged from research conducted for the 1961 Midwinter Institute, was largely processed through work done in ONE Institute courses, and received funding from the Institute for the Study of Human Resources, the study is identified in ONE Inc. literature as a research project and has been classified as such. Similarly although An Annotated Bibliography of Homosexuality developed in conjunction with improvements in library operations, was assisted by work conducted in ONE Institute courses, and received funding from the Institute for the Study of Human Resources, it also is identified in ONE Inc. literature as a research project.

Administrative history

The Research Division of ONE Inc. was founded in the mid-1950s on the articles of incorporation credo to "stimulate, sponsor, aid, supervise and conduct research." Although an update to the annotated bibliography was undertaken in the early 1980s, the work of the Research Division as an independent entity of ONE Inc. essentially ended with the publication of An Annotated Bibliography of Homosexuality in 1976. Nonetheless outside research proposals kept coming into ONE Inc. through 1993.

Arrangement

The two major projects of the Research Division, "A Study of 388 North American Homosexual Males" and An Annotated Bibliography of Homosexuality, are listed first. Other research projects and research requests are arranged in chronological order at the end.

Scope and Contents

Biographical / Historical

The survey began as an ONE Institute of Homophile Studies collaborative project (see course HS-261 in the 1960-1961 school year file) to create a "homosexual bill of rights" for the 1961 Midwinter Institute. However a rift between the Daughters of Bilitis and ONE Inc. over the survey resulted in it primarily being filled out by males. The rift also led to a boycott of that year's Midwinter Institute, creating a strain not only between the Daughters of Bilitis and ONE Inc., but between male and female activists for years to come.

The Institute for the Study of Human Resources funded Julian Underwood as a research assistant in 1964. Under his direction, students from ONE Institute courses were utilized to crunch the statistics. The resulting analyses and reports, 1966-1971, were largely products of Julian Underwood's work.

An Annotated Bibliography of Homosexuality 1966-1982

Scope and Contents
The records consist of the grant applications, correspondence, reference material, drafts, reports, and book reviews behind the two versions and unfinished update of An Annotated Bibliography of Homosexuality, 1966-1982.

Biographical / Historical
The bibliography project began with the hiring of Julian Underwood as a research assistant under funding from the Institute for the Study of Human Resources (ISHR) in 1964. In 1967 Julian Underwood and W. Dorr Legg produced a 14-page annotated bibliography compiled mostly from in-house library materials. ISHR funded an extended two-volume reprint authored by Vern Bullough, Dorr Legg, Jim Kepner, and Barrett Elcano that provided bibliographic references from around the world. An update to the annotated bibliography to be called The Comprehensive Bibliography was engaged in the early 1980s, but the project was never completed. For more information see the Comprehensive Bibliography of Homosexuality Work Papers, Coll2008-007, at the ONE National Gay and Lesbian Archives, Los Angeles, California.

Arrangement
The records are arranged chronologically by the date of the earliest document.

Social Service Division records Series 8. 1953-1971
Physical Description: 0.8 Linear Feet
Scope and Contents
The records primarily consist of financial, occupational, legal, investigative, and other requests for assistance and advice from the Social Service Division of ONE Inc., 1953-1971. The correspondence includes responses from ONE Inc. staff, outreach to religious organizations, and praise for ONE's endeavors. The administrative records include a hotline counselor manual, tallies of those assisted, notes and case forms, a summary of work performed in the division, and discussions about the creation of a Walt Whitman Guidance Center.

Administrative history
The social service activities of ONE Inc. as stated in the articles of incorporation aimed "to promote the integration into society of persons whose behavior varies from current moral and social standards." Besides providing assistance and advice through correspondence, when ONE Inc. opened its office at 232 South Hill Street in November 1953, the staff also offered face-to-face peer counseling. ONE Inc. offered assistance for "personal, employment, legal, family, housing, and other problems" (ONE thirty year celebration program). By the late 1970s the Social Service Division had largely ceased as an entity of ONE Inc.

ONE World Travel Club records Series 9. 1961-1984
Physical Description: 0.5 Linear Feet
Scope and Contents
The records consist of promotional materials, tour information, and correspondence of the participants and administrators of the ONE World Travel Club of ONE Inc., 1961-1984.

Administrative history
The travel service of ONE Inc. conducted educational tours to Europe, Africa, South America, and Asia. Although the function of providing educational travel tours to the gay and lesbian community continued unchanged from the first scheduled tour in 1961 to the last in 1984, the service was never identified as an independent division of ONE Inc. Initially slated as a function of the Social Services division, 1964-1965, the travel service was moved under the auspices of the Friends of ONE in 1966 and given the name ONE Overseas. In 1967 it was renamed ONE's Tour Program, and after skipping a year in 1969, renamed again as ONE Tours. In 1975 the travel service was retitled the ONE World Travel Club which remained until its last tour in 1984.

The first planned tour in 1961 was cancelled due to a dispute with Continental Travel (see ONE, Inc. vs. Continental Travel under the administrative records series). The first successful tour was not until 1964 and comprised a three-week European excursion put together by Chet Sampson. Often the tours met up with internationally-based gay-activist organizations as well as activist organizations in departure and arrival cities in the United States. In 1972 Pat Rocco filmed ONE Adventure, a ONE tour documentary that played across the United States and Europe. That same year, Troy Perry accompanied the tour to develop interest in the establishment of Metropolitan Community Church congregations in Europe.

Arrangement
The records are arranged chronologically by year with a general tour folder at the end.

**Institute for the Study of Human Resources records** Series 10. **1952-2001 bulk**

Physical Description: 1.5 Linear Feet

Scope and Contents

The records consist of administrative documents, grant files, correspondence and notes, and other general files of the Institute for the Study of Human Resources (ISHR), 1952-2001, bulk 1964-1997. Because ISHR did not change its operational focus after 1994 and because the materials were collocated into bound sets, the historical compilation records have been included as found to 2001. The other records of this series were compiled by various supporters of ONE Inc. and do not extend beyond ONE Inc.'s corporate transformation in 1994.

Administrative history

The articles of incorporation for ISHR in 1964 proclaim as its mission the endeavor to "promote, assist, encourage and foster scientific research, study and investigation of male and female homosexuality and various other types of human behavior; to advance education, educational facilities and the training of persons for the aid and betterment of persons having behavioral patterns which may result in social disorientation..." Although ISHR acted in all these capacities, its functional purpose was as a 509(a) non-profit affiliate of ONE Inc. that allowed tax-deductible funding, notably from millionaire Reed Erickson, for ONE Inc. projects and activities.

The initial board of directors were Reed Erickson, President; Robert G. Winn, Vice President; and W. Dorr Legg, Secretary-Treasurer.

Arrangement

The records are arranged into five sections: 1) historical compilation, 2) administrative records, 3) grants, 4) correspondence and notes, and 5) general files.

**Historical compilation 1952-2001 bulk**

Scope and Contents

The records consist of previously bound sets of copied documentation intended to encapsulate the core activities of the Institute for the Study of Human Resources, 1952-2001, bulk 1964-1997. Duplication should be expected with the rest of the series.

Satellite offices records Series 11. 1963-1996

Scope and Contents
The records consist of the ONE Inc. administrative documents, correspondence, and promotional materials of its various satellite offices in Chicago, Detroit, Long Beach, Phoenix, and New York, 1963-1996. Administration and correspondence materials include board of directors’ letters, meeting attendance lists, travel records, financial records, membership applications, contact lists, operational reports, and the articles of confederation for ONE in Long Beach. Promotional materials include event and project announcements, newsletters with meeting minutes, membership and annual banquet reminders, calendars and chronologies of events, business cards, Friends of ONE meeting announcements and cancelations, and lecture series announcements.

Administrative history
Friends of ONE (non-voting members) conducted regular meetings of the Council of Friends of ONE in various cities throughout the United States. These councils were authorized activities of ONE Inc. designed to meet the regional interests of ONE’s Members and to undertake projects for the benefit of ONE Inc. as a whole. Councils of the Friends of ONE were organized in Chicago in 1965, Detroit in 1965, Long Beach in 1977, New York in 1966, and Phoenix in 1969. While the first satellite offices were created under the auspices of the Social Service Division, ONE in Long Beach was constituted as a self-governing entity that largely functioned independently from ONE Inc. in Los Angeles.

Arrangement
These records are arranged alphabetically by city: 1) ONE in Chicago, 2) ONE in Detroit, 3) ONE in Long Beach, 4) ONE in Phoenix, and 5) ONE in New York.
