Descriptive Summary
Title: Science Fiction Fanzine Sample Collection
Dates: 2019
Collection Number: SC-2019-09
Creator/Collector:
Extent: 3 Boxes.
Repository: California State University, Fullerton. University Archives and Special Collections
Fullerton, California 92834-4150
Abstract: The Science Fiction Fanzine Sample collection is comprised of 82 titles, and a total of 116 individual fanzine issues. Although related to Science Fiction Periodicals, fanzines were developed by fans of Science Fiction (along with other genres and topics). Sometimes a zine brought a small group of fans together, other times it was a source of cultural exchange for the masses. But zines all have one common element: the celebration and exploration of science fiction and other genres.
Language of Material: English
Access
The collection is open for research. Some materials within the collection are subject to access restrictions and/or reproduction restrictions.
Publication Rights
Property rights reside with the California State University, Fullerton University Archives and Special Collections. No part may be quoted for publication without the written permission of the University Archives & Special Collections, CSU Fullerton or the copyright holder.
