Access
The collection is open for research.
The Hoover Institution Archives only allows access to copies of audiovisual items. To listen to sound recordings or to view videos or films during your visit, please contact the Archives at least two working days before your arrival. We will then advise you of the accessibility of the material you wish to see or hear. Please note that not all audiovisual material is immediately accessible.

Publication Rights
For copyright status, please contact the Hoover Institution Archives.

Preferred Citation
[Identification of item], Inawashiro collection, [Box no.], Hoover Institution Archives.

Acquisition Information
Materials were acquired by the Hoover Institution Archives in 2017.

Accruals
Materials may have been added to the collection since this finding aid was prepared. To determine if this has occurred, find the collection in Stanford University’s online catalog at http://searchworks.stanford.edu/. Materials have been added to the collection if the number of boxes listed in the catalog is larger than the number of boxes listed in this finding aid.

Scope and Content of Collection
Reorganization of arable land recorded in Showa 13 (1938) in Inawashiro-cho, Yamagun, Fukushima prefecture. 不動産所有者図。Government records of allocation of arable lands in Inawashiro in former Aizu Wakamatsu (an important location from which Japanese American immigrants came). An area was also recommended for evacuation by the United States after the Fukushima Daiichi nuclear disaster in 2011.
