Collection Summary

Title: Ghana. Central Bureau of Statistics questionnaires
Dates: 1961-1962
Collection Number: 89023
Collection Size: 6 manuscript boxes (2.4 linear feet)
Repository: Hoover Institution Archives
Stanford, California 94305-6010

Abstract: Survey questionnaires of randomly selected households in Ghana, relating to incidence and value of household expenditures for various categories of food items, clothing, transportation, medical care, and other purposes, correlated by household income and rural or urban location. Includes information on sampling method, and some memoranda and studies subsequently prepared by members of the Stanford University Food Research Institute staff, analyzing the data.

Physical Location: Hoover Institution Archives
Languages: In English

Access
Collection is open for research.

The Hoover Institution Archives only allows access to copies of audiovisual items. To listen to sound recordings or to view videos or films during your visit, please contact the Archives at least two working days before your arrival. We will then advise you of the accessibility of the material you wish to see or hear. Please note that not all audiovisual material is immediately accessible.
