Accruals
Materials may have been added to the collection since this finding aid was prepared. To determine if this has occurred, find the collection in Stanford University's online catalog Socrates at http://library.stanford.edu/webcat . Materials have been added to the collection if the number of boxes listed in Socrates is larger than the number of boxes listed in this finding aid.
Biographical/Historical Note
Soviet governmental organization for supervision of motion picture film production.
Scope and Content of Collection
The collection consists of films that were made during the World War II era and the 1970s. The films were originally intended for use by military attaches and political or scientific officers at Soviet embassies and consulates. Used to demonstrate Soviet might and power, the films cover topics such as recruitment for, and life at, the Higher Frunze Naval Academy in Leningrad, navy recruiting, massive Soviet Army maneuvers, the Yuri Gargarin space tracking range ship, and the Soviet Army. Contains 31 film reel cans containing 51 reels of 16mm film of various lengths. Film titles taken directly from the canister or reel.
