Scope and Content Note
B. M. Dulja was a Cossack and an agricultural chemist. Of particular interest in this collection are his diaries of the Taman’ operation in 1920, and reminiscences of student life at Cornell University (WRITINGS/"Vospominanila"). The scrapbook in the biographical file contains military service records, identity papers and other matter relating to his life and career.
Detailed processing and preservation microfilming for these materials were made possible by a generous grant from the National Endowment for the Humanities and by matching funds from the Hoover Institution and Museum of Russian Culture. The grant also provides depositing a microfilm copy in the Hoover Institution Archives. The original materials remain in the Museum of Russian Culture, San Francisco as its property. A transfer table indicating corresponding box and reel numbers is available at the Hoover Institution Archives.
