Abstract: Collection of maps surveyed for the Los Angeles County Assessor’s Office between 1860 and 1897. The maps primarily focus on excavations, improvements, and expansions of roads throughout Los Angeles, San Bernardino, and Orange Counties. Most of the maps show boundary lines of the various Ranchos existent throughout these counties, and many also include houses, railroads, telegraph lines, and elements of the natural landscape such as canyons and rivers.
Language of Material: The records are in English.

Acquisition Information
Biography
The Los Angeles County Office of the Assessor, which has operated since 1850, locates taxable property in Los Angeles County, identifies land owners, and establishes a taxable value for all property. Twelve different individuals held the position of Assessor from 1860-1897, beginning with W.W. Maxy from 1859-1861 and ending with Theodore Summerland from 1894-1898.
Scope and Content
Collection of maps surveyed for the Los Angeles County Assessor's Office between 1860 and 1897. The maps primarily focus on excavations, improvements, and expansions of roads throughout Los Angeles, San Bernardino, and Orange Counties, with geographic coverage ranging from Malibu to Pomona and Newhall to San Juan Capistrano. Most of the maps show boundary lines of the various Ranchos existent throughout these counties, and many also include buildings, railroads, telegraph lines, land use, relief, and elements of the natural landscape such as canyons and rivers. Also included are maps showing the San Gabriel Mission, San Juan Capistrano Mission, and an elevation of the Los Angeles County court house. Some of the Ranchos depicted include San Antonio, Azusa, San Jose, Los Nogales, San Pedro, San Joaquin, San Rafael, Centinela, La Puente, Sausal Redondo, La Ballona, Rodeo-de-las-Aguas, Cienega, San Pasqual, and San Francisquito. Property shown includes that of Elias 'Lucky' Baldwin, Pio Pico, and Abel Stearns.
Arrangement
The maps were originally housed in 16 bound volumes. The maps are currently arranged in the order in which they were bound, and where a volume number is missing and cannot be determined a letter has been substituted (Vol. A, B, C, etc.).
