SAFR-00001

This collection was transferred from the Golden Gate National Recreation Area museum collection to the San Francisco Maritime National Historical Park museum collection.

Historical or Biographical Note

Vessel History

The Sea Foam (shown on record as Seafoam) was built in 1905, in Aberdeen (Washington?), at Lindstrom Ship Building, for owner George Beadle. It was a wooden steam schooner of 339 gross tons, and it had a 500 horsepower compound engine installed by Willamette Iron & Steelworks.

After two years, the Sea Foam was sold to Henry Templeman, and in 1911 it was sold again to Charles Higgins. Over the years, there were a number of masters recorded: P. Miller (05), S. B. Lindstrom (06), C. Brunet (08).

The vessel was lost on February 23rd, 1931, at Point Arena, while enroute to San Francisco with a cargo of lumber. The crew was rescued by a surf boat from the coast guard station.

The collection contains 34 cargo manifests dated from 1907-1910 while the Sea Foam was operating in the Mendocino Coast Line. The manifests covered shipments from San Francisco to Mendocino

(Pictures of the wreckage can be found in California Shipwrecks, Marshall; page 137)

Collection Scope and Content

Sea Foam (built 1905; steam schooner) cargo manifests (SAFR 13565, HDC 20) contains 34 cargo manifests dating from 1907-1910. The collection is available for research use without restrictions.

Collection Arrangement

34 items in one folder.
