Acquisition Information

The collection consists of transfers acquired in 1976 and 1978 from the City of Sacramento Clerk's Office (1976/006; 1978/031), and 1999 from the City of Sacramento Central Stores (1999/012).

Biography / Administrative History

The Assessor's Office of the City of Sacramento was established in 1850 by the city charter to record the value of taxable property within the city. The governments of the City of Sacramento and Sacramento County were consolidated from 1858-1863, during which time the city Assessor's Office became the ex-officio Tax Collector. Once the city and county separated in 1863, the Assessor once again became a separate city office until 1894, when it was moved along with four other offices under the Department of Finance. In 1921, the Assessor's Office was combined with the Collector under the City Controller within the Department of Finance until 1964, when the Assessor-Collector was incorporated into the office of the County Assessor.

Scope and Content of Collection

The collection documents the City of Sacramento Assessor's Office's assessment and recording of property valuations within the city, including real property, personal property, corporate property, streets improvements, and levees. Also

includes delinquent tax rolls and tax sale records. Records date from circa 1850 to 1975.

Series 1. Assessment map books and rolls 1850-1955

Physical Description: 540 volumes

Series Scope and Content Summary

This series is made up of 540 volumes of assessment map books and rolls from 1850 to 1955 that contain assessed real property values, taxes paid, names of property owners, and maps of properties in the City of Sacramento and its annexed areas. Each year includes an assessment roll with names and taxes paid, and map books that include names of property owners on each parcel. Rolls from 1857, 1954, and 1955 are missing, as are map books from 1850, 1856, 1857, 1863, 1864, and 1889. Through 1911, the rolls and maps record properties in the original city boundaries, referred to as the "old boundaries," including the main grid, the blocks north of A Street, Brannan's Addition, Old Comfort Point, Slater's Addition, Ten Acre Tract, Tivoli Gardens, Muldrow's Gardens, North American Addition, Morton Tract, and Central Pacific land. Starting in 1912, the rolls and map books include areas annexed into the city. The old boundaries map books are arranged alphabetically by city block or addition name, while the annexed territories map books are arranged by neighborhood or tract name. Roll books are arranged alphabetically by property owner last name. Some map books and rolls record just one year, while others record a two-year span. Also included are special assessment rolls, books labeled "city tax book" and "special tax book," public improvement assessment rolls from 1947 to 1953, and a few map books that contain property values without property owner names.

Series 2. Personal property assessment rolls and indexes 1850; 1894-1966

Physical Description: 197 volumes

Series Scope and Content Summary

This series consists of personal property assessment rolls dating from 1894 to 1966, in addition to an 1850 special assessment roll. The rolls include taxpayers' names along with their personal property, the value of their property, amount of tax owed, and the date taxes were paid. Property owners are listed alphabetically by last name, and from 1912 to 1947, there are two volumes per year, one for old boundaries (the city's original boundaries) and one for annexed territories. The 1915 annexed territories roll is missing. Also included are indexes to the rolls from 1925 to 1966 and four delinquent personal property rolls from 1962 to 1966.

Series 3. Delinquent tax rolls and tax sales records 1850-1948

Physical Description: 106 volumes

Series Scope and Content Summary

This series contains delinquent assessment tax rolls from 1855 to 1965 and delinquent public improvement tax rolls from 1926 to 1936. Delinquent assessment rolls list property owners alphabetically by last name and include the property location, property value, taxes due, and date paid. In many of the rolls, people of Chinese, Japanese, and East Indian ethnicity are listed separately. Starting with the 1910-1912 roll, delinquent properties in the old boundaries (the city's original boundaries) and annexed territories are listed separately. Tax sales records date from 1850 to circa 1860 and 1895 to 1912, and include a general tax list, delinquent tax list, and list of properties sold at tax sales by date of sale with name of assessed owner, location, value, and name of buyer.

Series 4. Public service corporation, commercial, and business property assessment rolls 1911-1965

Physical Description: 36 volumes

Series Scope and Content Summary

This series comprises assessment rolls for public service corporations from 1911 to 1935, and commercial and business property from 1965. The public service corporation rolls show taxable real and personal property records for private corporations that provide public services, such as transportation and utilities. Corporations are listed alphabetically. Data includes personal and real property values, improvements, total value, and dates and amounts of first and second payment installments. Each volume also includes length and value per mile of assessable rail trackage. Domestic corporations are listed from 1917 to 1935. In some cases, buildings and loans, banks, finance corporations, insurance companies, mines, and water and oil companies are listed separately. The business and commercial property rolls consist of actual and assessed values for Sacramento business and commercial properties, arranged alphabetically by business name. These list inventories of money on hand, merchandise, office equipment, and plant equipment. The last two volumes are labeled "hotels, vending, taxis" and "East Folsom." Volume 4 (Hi-L) is missing.

Series 6. Special assessments and other records 1868-1925

Physical Description: 15 boxes, 6 volumes

Series Scope and Content Summary

This series is made up of assessments for specific purposes, including lighting districts and levees, plus other assessor records, including an 1868 assessor's day book and an 1899 to 1900 book of mortgages. A large portion of the series is made up of assessor worksheets from 1916 to 1918 that inventory individuals taxpayers' secured and unsecured property for taxation purposes. Each worksheet lists the taxpayer's name and address, and the volume and page number of the corresponding assessment roll. The worksheets are arranged chronologically, then alphabetically by taxpayer last name within each year.
