Biography / Administrative History

Photographer Michael Thomas Benning (1892-1976) was a commercial photographer who specialized in taking portraits of school children, initially in the Sacramento area and later expanding to other schools in the areas east of Sacramento, both in California and Nevada. He was born on April 17, 1892 in Valchid (German Waldhütten), Romania, a village in central Romania with an ethnic German population. He immigrated to the United States in 1909, living first in Detroit, Michigan, before finally moving to Sacramento, California in the 1920s. In Sacramento he became a naturalized citizen and started his career as a commercial photographer focusing on taking class photographs of school in Sacramento and the surrounding

area. Later, as his business flourished, Benning purchased land on the north shore of Lake Tahoe at Kings Beach and operated a resort known as Bennings Resort. He also continued his photographic profession at the resort, where he specialized in images of his and others' resorts, Kings Beach and Lake Tahoe City, early casinos, and scenic images of the lake itself. He continued the practice of doing local Sacramento images during the fall, winter and spring months and then transporting his family and business to Lake Tahoe for the summer until his death in 1979.

Scope and Content of Collection

The Michael T. Benning Photograph Collection includes many portraits of various local clubs; social organizations; sports teams; church events such as Portuguese Holy Ghost festas and Catholic first communions and confirmations; structures such as churches, schools, commercial buildings, hotels, domestic residences, and bridges, as well as some excellent views of street scenes of the City of North Sacramento. Most of the images were identified on the image itself as to subject and date; however, many school groups and portraits of individuals were not and have been grouped at the end of the collection. The collection is organized into nine series: Series 1. Sacramento schools, Series 2. Schools outside of Sacramento, Series 3. Church schools and events, Series 4. Lake Tahoe, Series 5. Commercial photography, Series 6. Organizations, Series 7. Unidentified people and groups, Series 8. Family photographs, Series 9. Artifacts, pamphlets, and correspondence. Sacramento schools, excluding school buildings, arranged alphabetically by the name of the school, and chronologically with each school. Church schools and events, excluding church buildings, arranged alphabetically by name of church or event. This category includes first communions and confirmations. Schools outside of Sacramento are arranged alphabetically by school name. Commercial photography includes local structures and advertising images which Benning did for business firms' advertisements. Organizations are arranged by name (non-school sports and non-school musical organizations are listed in the categories "Sports teams" and "Bands and Orchestras" respectively).
