Collection History
The Union Files Collection was created by Southern California Library founder Emil Freed and labor activist and California CIO President James L. Daugherty. Both men were committed to advancing the union movement of the 20th century and had the foresight to see the value of preserving the materials of that movement. The collection materials were obtained by Freed, Daugherty and other activists, organizers and supporters of unions and working people.

Scope and Content
The collection has files for over 150 unions, the majority of which were active in Southern California. It covers most of the 20th century spanning the decades from the 1920s through the 1980s. Virtually all types of records appear in the files. A partial list of material types includes: by-laws, constitutions, agreements and contracts, minutes, correspondence, financial records, reports, newsletters, fliers, organizing and educational materials, membership lists, salary schedules and posters. There is a small amount of Spanish-language material in the files of: the Amalgamated Clothing Workers of America, California Agricultural Workers Union, International Ladies Garment Workers Union, International Seamen's Union, United Farm Workers, United Electrical, Radio, and Machine Workers of America, United Teachers Los Angeles, United Steel Workers of America, and United Automobile, Aircraft and Agricultural Implement Workers of America.

Arrangement
There is an un-numbered series for each union represented in the collection.

Arrangement
The series are arranged alphabetically by union name.
