Conditions Governing Use:
The copyright interests in these materials have not been transferred to San Diego State University. Copyright resides with the creators of materials contained in the collection or their heirs. The nature of historical archival and manuscript collections is such that copyright status may be difficult or even impossible to determine. Requests for permission to publish must be submitted to the Head of Special Collections, San Diego State University, Library and Information Access. When granted, permission is given on behalf of Special Collections as the owner of the physical item and is not intended to include or imply permission of the copyright holder(s), which must also be obtained in order to publish. Materials from our collections are made available for use in research, teaching, and private study. The user must assume full responsibility for any use of the materials, including but not limited to, infringement of copyright and publication rights of reproduced materials.

Conditions Governing Access:
This collection is open for research.

Preferred Citation:
Identification of item, folder title, box number, Mediterranean Garden Project Collection, Special Collections and University Archives, Library and Information Access, San Diego State University.

Scope and Contents
San Diego State University's Mediterranean Garden Project Collection chronicles the development and implementation of a campus garden showcasing plants of the Mediterranean climate. There are five Mediterranean climate zones around the world, and all five zones are represented in the garden. The collection includes the initial grant proposal, meeting notes, history of the project, web page presentation, photographs, slides, and compact discs.
