Overview

**Call Number:** PC0076  
**Creator:** Stanford University  
**Title:** Post quake demolition photographs  
**Dates:** circa 1914  
**Physical Description:** 0.25 Linear feet

**Summary:** This collection consists of 47 photographic negatives with contact prints, largely documenting demolition work on the damaged Stanford Museum following the 1906 earthquake, including the lowering of the still-intact glass dome. Several images include groups of workers and the horse-drawn carts and wagons used to haul away the debris. Other subjects include university employee Fred Frehe, ("farm boss"), the demolition of the statue of faith, and several post-quake images of the campus.

**Language(s):** The materials are in English.

**Repository:** Department of Special Collections and University Archives
