### Overview

**Call Number:** SC1038  
**Creator:** Newell, J. S., (Joseph Shipley), 1897-1952.  
**Creator:** Niles, Alfred S., (Alfred Salem), 1894-  
**Title:** Alfred S. Niles and Joseph S. Newell, Airplane Structures typescript  
**Dates:** circa 1928  
**Physical Description:** 0.25 Linear feet  
**Language(s):** The materials are in English.  
**Repository:** Department of Special Collections and University Archives  
Green Library  
557 Escondido Mall  
Stanford, CA 94305-6064  
Email: specialcollections@stanford.edu  
Phone: (650) 725-1022  
URL: http://library.stanford.edu/spc  
Materials were the gift of Walter Vincenti, 1985.  
**Information about Access**  
Access: Materials are open to research use.  
**Cite As**  
[identification of item], Alfred S. Niles and Joseph S. Newell, Airplane Structures Typescript (SC1038). Dept. of Special Collections and University Archives, Stanford University Libraries, Stanford, Calif.  
**Biographical/Historical note**  
Alfred S. Niles was professor of aeronautical engineering at Stanford University from 1927 until his retirement in 1959. In 1929 the first edition of Airplane Structures by Alfred S. Niles and Joseph S. Newell was published by John Wiley & Sons. Newell, who had worked with Niles at McCook Field, was professor of aeronautical structural engineering at M.I.T.  
**Scope and Contents note**  
Collection contains corrected typescripts of chapters 1 through 15, list of figures, illustrations, and index. Most of the pages are carbon copies but a few are mimeographed; the illustrations are copies, not originals.  
**Access Terms**  
Newell, J. S., (Joseph Shipley), 1897-1952.  
Niles, Alfred S., (Alfred Salem), 1894-  
Airplanes.

### Typescript
