Creator: Veihmeyer, Frank J., 1886-1977

Title: Frank J. Veihmeyer Papers

Date (inclusive): 1924-1980

Extent: 2 linear feet

Abstract: Frank J. Veihmeyer served as Professor of Water Science at the University of California, Davis from 1918-1954. The collection contains research notes, publications, and pamphlets pertaining to Veihmeyer's work in crop irrigation, particularly on the movement of water through soil and its availability to plants. The collection also contains material on the effects of cultivation and crop irrigation.

Physical location: Researchers should contact Special Collections to request collections, as many are stored offsite.

Repository: University of California, Davis. Library. Department of Special Collections.

Davis, California 95616-5292

Collection number: D-255

Language of Material: Collection materials in English.

Biography

Frank J. Veihmeyer (1886-1977) served as Professor of Water Science at the University of California, Davis from 1918-1954.

Scope and Content

The collection contains research notes, publications, and pamphlets pertaining to Veihmeyer's work in crop irrigation, particularly on the movement of water through soil and its availability to plants. The collection also contains material on the effects of cultivation and crop irrigation.

Arrangement of the Collection

The collection is arranged alphabetically by title.

Indexing Terms

The following terms have been used to index the description of this collection in the library's online public access catalog.

Veihmeyer, Frank J., 1886-1977--Archives

University of California, Davis--Faculty-- Archives

>Soils, Irrigated--Research

Plant-water relationships--Research

Access

Collection is open for research.

Processing Information

Sara Gunasekara processed this collection with assistance from student employee Michelle Xie.

Preferred Citation

[Identification of item], D-255, Frank J. Veihmeyer Papers, Department of Special Collections, General Library, University of California, Davis.

Publication Rights

All applicable copyrights for the collection are protected under chapter 17 of the U.S. Copyright Code. Requests for permission to publish or quote from manuscripts must be submitted in writing to the Head of Special Collections. Permission for publication is given on behalf of the Regents of the University of California as the owner of the physical items. It is not intended to include or imply permission of the copyright holder, which must also be obtained by the researcher.
