Title: Bankowski (Raymond A.) Papers
Creator: Bankowski, Raymond A. (Raymond Adam), 1914-1993
Identifier/Call Number: D-602
Physical Description: 13 linear feet
Date (inclusive): 1938-2016
Abstract: The Raymond A. Bankowski Papers include research notes, laboratory and pathology data, reports, reprints, awards, correspondence, and slides related to Ray Bankowski's work in infectious disease in poultry and swine. Researchers should contact Special Collections to request collections, as many are stored offsite.

Biography
Raymond A. Bankowski (1914-1993) was Professor of Virology at UC Davis. Dr. Bankowski earned his Doctor of Veterinary Medicine from Michigan State University in 1938 and subsequently began post-graduate research at UC Berkeley. During World War II, Dr. Bankowski left Berkeley to serve in the U.S. Army Veterinary Corps. After the war, he returned to Berkeley and completed a Ph.D. in comparative pathology.

In 1950, Dr. Bankowski was hired as one of the first faculty members of the School of Veterinary Medicine at UC Davis, where he chaired the Department of Avian Medicine from 1954 to 1959. His research focused on studying and controlling infectious diseases of animals. Dr. Bankowski's main focus was avian virology, but he also conducted extensive research into diseases of cattle and swine.

In 1978, Dr. Bankowski retired from UC Davis. He remained active as emeritus faculty up until his death in 1993.

Content Description
The Raymond A. Bankowski Papers include research notes, laboratory and pathology data, reports, reprints, awards, correspondence, and slides related to Ray Bankowski's work in infectious disease in poultry and swine.

Access
Collection is open for research.

Processing Information
The collection was processed by archives intern Sarah Ainsworth under the direction of Manuscript Archivist Liz Phillips. Additions to the collection were processed with help from student assistant Monica Doan.
