Guide to the Trade Literature Collection O-012

University of California, Davis Library, Dept. of Special Collections
2013
1st Floor, Shields Library, University of California
100 North West Quad
Davis, CA 95616-5292
speccoll@ucdavis.edu
URL: https://www.library.ucdavis.edu/special-collections/
Language of Material: English
Contributing Institution: University of California, Davis General Library, Dept. of Special Collections
Title: Trade Literature Collection
Creator: University of California, Davis. Library
Identifier/Call Number: O-012
Physical Description: 90 linear ft.
Date (inclusive): 1885-2013
Abstract: The collection contains manufacturers' catalogs of various types of farm machinery and equipment, listed with price and ordering information.
Researchers should contact Special Collections to request collections, as many are stored offsite.
Scope and Content
Manufacturers' catalogs of various types of farm machinery and equipment, listed with price and ordering information.
Arrangement of the Collection
The collection is arranged in alphabetical order by manufacturer.
Processing Information
Collection was encoded by Jared Campbell from a print finding aid created by Special Collections staff, 2013.
Related Collections
O-005, Agricultural Technology Brochures Collection
O-011, Agricultural Technology Manuals Collection
D-004, Anthony W. Bakken Collection
D-056, F. Hal Higgins Collection
D-116, F. Hal Higgins Papers
Access
Collection is open for research.
Acquisition Information
Preferred Citation
[Identification of item], Trade Literature Collection, O-012, Special Collections, UC Davis Library, University of California, Davis.
Publication Rights
All applicable copyrights for the collection are protected under chapter 17 of the U.S. Copyright Code. Requests for permission to publish or quote from manuscripts must be submitted in writing to the Head of Special Collections. Permission for publication is given on behalf of the Regents of the University of California as the owner of the physical items. It is not intended to include or imply permission of the copyright holder, which must also be obtained by the researcher.
