University of California Sustainable Agriculture Research and Education Research Program Records. UC Davis. University Archives
Biography/Administrative History
The UC Sustainable Agriculture Research and Education Program (SAREP) is a statewide program within UC Agriculture and Natural Resources. At the request of the California legislature, the University of California established SAREP with three mandates: administer competitive grants for research on sustainable agricultural practices and systems, develop and distribute information through publications and on-farm demonstrations, and support long-term research and sustainable farming systems on UC farmlands.
Scope and Content of Collection
Correspondence, meeting minutes, program plans, photographs, and slides for a slideshow for school groups on sustainable agriculture.
