Title: Society for Molecular Biology and Evolution records

Identifier/Call Number: MS.F.010

Contributing Institution: Special Collections and Archives, University of California, Irvine Libraries

Language of Material: English

Physical Description: 2.5 linear feet(4 boxes)

Date (inclusive): 1982-1995

Date (bulk): 1990-1995

Abstract: This collection consists of the records of the Society for Molecular Biology and Evolution (SMBE) which was officially established in January 1993, following the International Conference on Molecular Evolution in June 1992. These records consist primarily of correspondence that document the organization's origins and activities.

Creator: Society for Molecular Biology and Evolution.

Access

The collection has not been processed. It may contain restricted materials. Please contact the Department of Special Collections and Archives in advance to request access.

Publication Rights

Property rights reside with the University of California. Copyrights are retained by the creators of the records and their heirs. For permission to reproduce or to publish, please contact the Head of Special Collections and Archives.

Preferred Citation

Society for Molecular Biology and Evolution records. MS-F010. Special Collections and Archives, The UC Irvine Libraries, Irvine, California. Date accessed.

For the benefit of current and future researchers, please cite any additional information about sources consulted in this collection, including permanent URLs, item or folder descriptions, and box/folder locations.

Collection Scope and Content Summary

This collection consists of the records of the Society for Molecular Biology and Evolution (SMBE) which was officially established in January 1993, following the International Conference on Molecular Evolution in June 1992. These records consist primarily of correspondence that document the organization's origins and activities.
