Historical Note
The School of Architecture and Urban Planning opened for instruction in 1966 in response to the rapid urbanization of Southern California and the growing need in the region for architects and urban planners. The two-year master's program emphasized design-oriented studio work based strongly on the social and technological sciences. George A. Dudley was appointed the first dean of the school in 1984, almost two years prior to the arrival of the first students. The Dean's Council of the Graduate School of Architecture and Urban Planning is a support organization comprised of school alumni and professionals in the region. Activities include sponsorship of a visiting lecturer series and fund-raising for the school.
