Descriptive Summary
Title: Citrus and horticulture collection
Date (inclusive): 1886-1949, undated
Date (bulk): 1910-1930
Collection Number: MS 121
Creator: Rivera Library. Special Collections Dept.
Extent: 3.71 linear feet (8 document boxes)
Repository: Rivera Library. Special Collections Department.
Riverside, CA 92517-5900
Abstract: This collection contains photographs, publications, and other material regarding the citrus industry in California, Florida, and Louisiana in the early twentieth century. Most of the items in the collection are black and white photographs featuring avocados, pecans, and other fruit, as well as shade trees and flowers. Select citrus publications and advertisements from the early 1900s are also included.
Languages: The collection is in English.
Access
This collection is open for research. [Access to nitrate negatives (Boxes 3-6) is restricted.]
Publication Rights
Copyright Unknown: Some material in this collection may be protected by the U.S. Copyright Law (Title 17, U.S.C.). In addition, the reproduction, and/or commercial use, of some materials may be restricted by gift or purchase agreements, donor restrictions, privacy and publicity rights, licensing agreement(s), and/or trademark rights. Distribution or reproduction of materials protected by copyright beyond that allowed by fair use requires the written permission of the copyright owners. To the extent other restrictions apply, permission for distribution or reproduction from the applicable rights holder is also required. Responsibility for obtaining permissions, and for any use rests exclusively with the user.
Preferred Citation
[identification of item]. The citrus and horticulture collection, MS 121. University of California, Riverside Libraries, Special Collections & Archives, University of California, Riverside.
Acquisition Information
Material for this collection has been gathered by the repository over the years from a variety of sources.
Processing History
Processed by Hollie Johnson, 2011.
Processing of the Citrus and horticulture collection was generously funded by the Andrew W. Mellon Foundation, and administered by the Council on Library and Information Resources (CLIR). The University of California, Riverside was awarded a Cataloging Hidden Special Collections and Archives grant from 2010-2012, "Uncovering California's Environmental Collections," in collaboration with eight additional special collections and archival repositories throughout the state and the California Digital Library (CDL). Grant objectives included processing of over 33 hidden collections related to the state's environment and environmental history. The collections document an array of important sub-topics such as irrigation, mining, forestry, agriculture, industry, land use, activism, and research. Together they form a multifaceted picture of the natural world and the way it was probed, altered, exploited and protected in California over the twentieth century. Finding aids are made available through the Online Archive of California (OAC).
Collection Scope and Content Summary
This collection contains photographs, publications, and other material regarding the citrus industry in California, Florida, and Louisiana in the early twentieth century. Most of the items in the collection are black and white photographs featuring avocados, pecans, and other fruit, as well as shade trees and flowers. Select citrus publications and advertisements from the early 1900s are also included.
A portion of this collection remains unprocessed. Please contact Special Collections & Archives for additional information regarding this material.
