### **Preferred Citation**

[identification of item], [date if possible]. Randall Freeman collection on Star Trek (MS 328). Special Collections & University Archives, University of California, Riverside.

### **Acquisition Information**

Gift of Randall Freeman, 2009.

### **Processing History**

Processed by Aleia McDaniel, Student Processing Assistant, 2016.

Processing of the Randall Freeman collection on Star Trek was completed by undergraduate students from the University of California, Riverside as part of the Special Collections & University Archives Backlog Processing Project started in 2015. This project was funded by the UCR Library and administered by Bergis Jules, University and Political Papers Archivist, and Eric Milenkiewicz, Manuscripts Curator.

### **Historical Note**

Premiering in 1966 Star Trek became a beacon for Science-Fiction dramas. Many of the conflicts and political dimensions of Star Trek represent allegories of contemporary cultural realities. *Star Trek: The Original Series* addressed issues of the 1960s, just as later spin-offs have reflected issues of their respective decades. Issues depicted in the various series include war and peace, the value of personal loyalty, authoritarianism, imperialism, class warfare, economics, racism, religion, human rights, sexism, feminism, and the role of technology.

The first series, now referred to as *The Original Series*, debuted in 1966 and ran for three seasons on NBC. It followed the interstellar adventures of James T. Kirk and the crew of the starship Enterprise, an exploration vessel of a 23rd-century interstellar "United Federation of Planets". These adventures continued in the short-lived *Star Trek: The Animated Series* and six feature films. Four spin-off television series were eventually produced: *Star Trek: The Next Generation* followed the crew of a new starship Enterprise set a century after the original series; *Star Trek: Deep Space Nine* and *Star Trek: Voyager*, set contemporaneously with *The Next Generation*; and *Star Trek: Enterprise*. Four additional *The Next Generation* feature films were produced. The franchise has gained a cult-like following that allowed for individuals everywhere to gather memorabilia, cosplay their favorite characters, and even gain interest in astronomical studies. The show's title phrase is also memorable, as it sets the premise of every adventure the characters embark on.

"Space: the final frontier. These are the voyages of the starship Enterprise. Its five-year mission: to explore strange new worlds, to seek out new life and new civilizations, to boldly go where no man has gone before."

### **Collection Scope and Contents**

---

This collection contains Star Trek memorabilia dated between the shows original broadcasting between 1966-1969 to the series *Voyager* that was aired between 1995-2001. The collection also houses different artifacts and collectibles from the Star Trek movies that were produced between 1979 *Wrath of Khan* and *Final Frontier* (1989). The collectibles in the collection are of Franklin Mint quality and each have their own Certificate of Authenticity that states their production number as well as authentication by Paramount Pictures. Also included in this collection are various memorabilia that reminisce the shows different iconic episodes such as the "*The Naked Time*", "*The Doomsday Machine*", and a scene from the second movie "*The Wrath of Khan*." The memorabilia in this collection also includes action figures, commemorative metal figurines, trading cards and card packs, posters and cell stills, as well as valuable Anniversary dishes.

### Collection Arrangement

This collection is organized into five series as follows:

- Series 1. *The Original Series*, 1966-1969, undated
- Series 2. *Movies*, 1979-1989
- Series 3. *The Next Generation*, 1987
- Series 4. *Deep Space 9*, 1993-1997
- Series 5. *Voyager*, 1995-2001
