Conditions Governing Use

Copyright Unknown: Some material in this collection may be protected by the U.S. Copyright Law (Title 17, U.S.C.). In addition, the reproduction, and/or commercial use, of some materials may be restricted by gift or purchase agreements, donor restrictions, privacy and publicity rights, licensing agreement(s), and/or trademark rights. Distribution or reproduction of materials protected by copyright beyond that allowed by fair use requires the written permission of the copyright owners. To the extent other restrictions apply, permission for distribution or reproduction from the applicable rights holder is also required. Responsibility for obtaining permissions, and for any use rests exclusively with the user.

Preferred Citation

[identification of item], [date if possible]. Riverside County Flood Control and Water Conservation District reports (WRCA 201). Water Resources Collections and Archives. Special Collections & University Archives, University of California, Riverside.

Collection Scope and Contents

The collection consists of 14 notebooks that describe contracts and project plans for drainage and channels of Riverside county. Further details within the booklets contain maps of soil location, flood control and percipitaiton data, and summary and detailed descriptions of the areas specified.

Collection Number

Collection number updated February 2019. Legacy collection number was WRCA 002. This change was part of a project in 2018/2019 to update the collection numbers for collections in the Water Resources Collections and Archives.
