Scope and Content of Collection
The Placement Center was a previous incarnation of UCSB Career Services, which provided assistance in job searching both on and off campus as well as other professional development services to students.
From http://www.counseling.ucsb.edu/APAPsychInternship/index.aspx?page=APAsbcommunity:
“The Counseling Center and Placement Center at UCSB were merged in November 1979 as an integrated service, with career planning as the unifying concept for the agency at that time. In 1984, after five years of planning, the counseling and placement departments moved into a new building specifically designed for these services, and the combined unit became known as Counseling & Career Services. Starting in 2005, administrative realities and subsequent decisions were made which resulted in the two functions, counseling and career, again being separated into two distinct agencies.”
The collection contains annual reports, follow-up reports on students assisted by the center, interview schedules for jobs, Placement Manuals, and other related documents.
