Biography
Le Moyne Preston Sawyer, collector, photographer, proofreader and historical writer, was born in Santa Cruz on December 6, 1899. He was the son of Frank and Gertrude Fields Sawyer. He had one sibling, a brother, Robin Ariel.
Preston and Ariel's father, Frank, worked at several occupations, including leather and saddle making, shoe repair, and candy maker. His wife Gertrude Fields Sawyer, encouraged writing and collecting, while her sister Clara Fields Gardner encouraged their traveling. Ariel ran the Sawyer Tile Company. Both boys graduated from Santa Cruz High School.
As a youth Preston was a newsboy and had an interest in stamp and postmark collecting. Over the years he amassed a large collection of first and last day post marks, stamps, and cancellations from numerous California post offices.
As a young man, Preston Sawyer worked as a movie extra in the very early film industry located in Santa Cruz. A prolific amateur photographer, he snapped hundreds of pictures of movie stars and the sets while waiting for work. In addition to taking his own photographs he collected pictures covering early Santa Cruz and the surrounding areas. The vast amount of his photographs reside in Santa Cruz County Historic Photographs.
In 1935 he was hired at the Santa Cruz Sentinel as a proofreader, a job he held for almost three decades, except for a stint in the Army during World War II. In 1948, he began a weekly feature "Santa Cruz Yesterdays" which appeared in the Sunday edition. The articles were based on his extensive collection of photographs and reference materials, many culled from local second-hand shops he visited on his lunch hours. By 1955, approximately 364 historical pictorial stories had been printed. Sawyer retired from the Santa Cruz Sentinel in 1962.
In the late 1960's Sawyer's treasure trove of Santa Cruz and California history, collected over the course of his life, was purchased by and split between the Santa Cruz Public Library and the University Library at UCSC. The reference materials and books went to the Public Library while the University received the postal collections and correspondence, as well as photographs, glass and newspaper plates, and other material.
Preston Sawyer died in October of 1968 in a rest home in Watsonville, after a five year illness.
Scope and Content of Collection

The bulk of the ephemera consists of vintage postcards and postal exchanges, advertisements by Santa Cruz businesses, news and realia of Boy Scouts and boys' clubs from Santa Cruz and San Francisco, Worlds' Fairs and expositions. Of special interest is the material from the WWI and WWII era. See each series scope and content notes for details.

Correspondence 1888-1960

Scope and Contents

This series contains incoming and some outgoing correspondence from Sawyer family members: Frank, Gertrude, Preston, and Ariel. There exists a small amount of correspondence from Sawyer relatives - the Fields and Rice families.

Preston's mail includes personal, professional, and editorial correspondence, plus fan mail from early film stars and theater people. From 1916-1919 he is involved in an international exchange and pen pal system. Many letters include photographs and other enclosures.

There is a fair amount of correspondence written on postcards documenting the family's travels, and recording daily life in and around Santa Cruz. Several boxes of postcards written by others, were collected by Preston and family, and are partially sorted by location, eg., Santa Cruz County and California, by other U.S. states, and by country.

In 1942-1943 Preston writes to his mother Gertrude, from Camp Joseph T. Robinson, Arkansas. He falls ill and while in hospital, writes about his time in Ward 544. His correspondence includes photographs and descriptions of his ward mates and hospital routines.

In addition, there is a fair amount of Santa Cruz Sentinel correspondence from the years 1919-1960. The correspondence is addressed to the newspaper's many division editors including: auto, city, entertainment, fashion, needle-craft, news, photo, radio, religious, sports, and travel. The correspondence comprises press releases for local businesses, organizations, and current events in Santa Cruz and California. Of note are requests and solicitations, employment application letters, vintage advertising, announcements for Hollywood boycotts and blacklisted entertainers in film and radio, political ads, and general information from industry and government especially pertaining to WWII, such as Notices to Mariners. The correspondence series also includes a brief letter each from Theodore Roosevelt and Benjamin Harrison.

Scope and Contents

This series contains photographs, albums, view masters, glass plates, and newspaper printing plates.

The Sawyer family, and especially Preston, were inveterate amateur photographers and the work created or collected spans from the late 1800's through the 1950's. The subjects include family portraits and outings, neighbors, residences, and businesses. It also includes stock photographs from local "director" Frank Smith's productions with Preston and friends in costume acting on beaches and in the parks and woods of Santa Cruz. Preston also collected several vintage view master sets from the family travels.

Photographs exist from Preston's column "Santa Cruz Yesterdays". These are represented in black and white prints, glass plates, and newspaper plates. Other glass plates and photographs are from the Pan Pacific International Exposition and the Golden Gate International Exposition. Albums describe family travels, the San Francisco Boys Club of 1912/1915, and vintage portrait and travel albums of indeterminate age and/or provenance.
