2013
Title: Tobacco Control Oral History collection
Identifier/Call Number: OH.2013.6
Contributing Institution: University of California, San Francisco
Language of Material: English
Physical Description: 4.5 Linear feet (6 boxes)
Date (inclusive): 1999-2001
Creator: University of California, San Francisco.

Arrangement note
The materials are arranged alphabetically by name of the interviewee. Items are described by the author, media, and year of creation. Pertinent subjects are listed at the item level. In instances where the name of the interviewee is unknown, the name of the organization is listed. Interviews with more than one person are listed under both subject names.

Biographical/Historical note
These oral histories were created as part of the Center for Tobacco Control Research and Education efforts to complete detailed histories of tobacco-control policymaking and efforts by the tobacco industry to thwart these efforts in 24 states. These interviews were designed to shed light on political activities of both sides, tobacco control programs, as well as histories of tobacco industry campaign contributions and lobbying activities. As a part of the Center for the Tobacco Control, these oral histories were funded by the National Institutes of Health (NIH). The interviews were conducted by postdoctoral fellows and other members of the research group at the Center for Tobacco Control Research and Education, under the supervision of Stanton Glanz, PhD.

Conditions Governing Access note
Collection is open for research.

Conditions Governing Use note
Copyright has not been assigned to the Library & Center for Knowledge Management. All requests for permission to publish or quote from material must be submitted in writing to the UCSF Archivist. Permission for publication is given on behalf of the Library & Center for Knowledge Management as the owner of the physical items and is not intended to include or imply permission of the copyright holder, which must also be obtained by the researcher.

Provenance
Donated by Stanton Glanz, PhD on behalf of the Center for Tobacco Control Research and Education in increments between 2003-2005.

Preferred Citation note

Scope and Contents note
This collection contains 150 oral histories conducted between 1999-2001 covering a variety of topics related to tobacco control, including but not limited to public health policy, anti-smoking advocacy, second hand smoke, health education programs and cost-recovery lawsuits. All of the collection is in the form of audio tapes.

Processing Information note
The collection was inventoried by Rene Radusky in 2013 under the supervision of Margaret Hughes. The finding aid was written by Rene Radusky and Margaret Hughes.
