Preferred Citation
California Lavender Smokefree Project Records, MSS 2001-03, Archives & Special Collections, UCSF Library & CKM

Acquisition Information
The papers were donated by Community Focus, one of the founding organizations, after the project ended in 2000.
Organizational History
The California Lavender Smokefree Project (CLSP) was established in 1995 by the Coalition of Lavender-Americans on Smoking and Health (CLASH) and Community Focus, both of San Francisco, California. The organization began operation on what was originally a two-year grant from the Tobacco Control Section of the California Department of Health Services of California’s Proposition 99 funds (the Tobacco Tax Health Protection Act of 1998). CLSP received the first statewide grant from that fund that focused on the lesbian, gay, bisexual and transgender (LGBT) community. For the next five years, until July 1, 2000, it coordinated resource teams throughout California that developed and carried out strategies to counter tobacco advertising in that community.

Scope and Content of Collection
These records document the work of the California Lavender Smokefree Project throughout its five-year course. Materials include correspondence, newsletters, flyers and pamphlets, contact and focus group reports, newspaper and magazine clippings, photographs, signs, press releases, photocopies of articles, printouts of project planning, media kits, fact sheets, advertising and drafts of advertising. Subjects covered include tobacco industry targeting of the lesbian, gay, bisexual and transgender (“LGBT”) community, smokefree bars and restaurants, regional teams and related organizations working toward tobacco control in the LGBT community, prevention of tobacco use among youth, and related topics.

Arrangement
The collection has been divided into 7 series: Resource Teams; Programs, Campaigns and Promotions; Press Releases, Publications and Clippings; Research and Information; Related Campaigns and Groups; Ephemera; Administrative Records. Arrangement is by subject, chronologically where possible for correspondence, articles and reports. Wherever possible, original folder titles have been preserved. Where original order was discernible, this was preserved. Otherwise, an assumed order was imposed based on observed groupings.

Indexing Terms
The following terms have been used to index the description of this collection in the library's online public access catalog.

**Tobacco Media**

**Programs, Campaigns and Promotions, 1995-2000**

**Physical Description:** Box 1:48-77, Box 2:1-23

**Scope and Content Note**

This series contains information about the various campaigns, promotions, programs, projects and other activities of the Project. Distinction is made among "promotion," which is defined as a one-time effort to publicize the cause and/or raise funds; "project" and "campaign," which each refer to a single, goal-oriented series of actions with a definite beginning and end; "programs," which were ongoing or periodical efforts carried out over time in specific locations for target groups such as women, gays, teens, youth, and so on; and "events" such as conferences and festivals in which the Project participated but did not organize. These records document film festivals, "Pride" activities in various communities, Leslie Nuchow concerts ("Virginia Slam"), the Community Health Survey, Youth Outreach, the Free Zone, the Castro Smoke Free Bar Parade, ad campaigns, banners and materials, Outfest, town hall meetings, the Great Gay and Lesbian American Smokeout, mailing lists of organizations, and other events and programs.

**Arrangement**

Arrangement is by subject, chronologically where possible for correspondence, articles and reports. Wherever possible, original folder titles have been preserved. Where original order was discernible, this was preserved. Otherwise, an assumed order was imposed based on observed groupings.
