Biography
Joao Rodrigues Cabrillo, Portuguese mariner sailing under the Spanish flag, discovered California, September 28, 1542. He landed at Point Loma, San Diego County, claiming the region for Spain. Cabrillo (as the name is spelled in Spanish) had been with Cortez during the conquest of Mexico (1520) and with Alvarado during the conquest of Guatemala (1530). Viceroy Mendoza ultimately assigned two vessels to Cabrillo for exploration of the north coast of Mexico (1542) and these ships, the San Salvador and the Victoria sailed from Navidad, Mexico, June 27, 1542. After the landing in San Diego noted above, Cabrillo's expedition again sailed north, stopping at several points, including Santa Catalina Island, Santa Monica Bay, San Buena Ventura, and sighting others, including Point Concepción and Point Reyes. In October 1542 Cabrillo fell and broke his arm. This injury later became infected and, in January 1543, the explorer died and was buried on one of the Channel Islands. The Cabrillo Civic Clubs erected a monument to Cabrillo on San Miguel Island (1935), but later scholarship places the likely burial site on Santa Rosa Island.
The Cabrillo Civic Clubs, Inc. were organized in San Francisco (January 1934; chartered Dec. 19, 1934) by Californians of Portuguese descent who were proud that a Portuguese mariner had discovered their state and concerned that this fact was not widely known. The Clubs' early efforts to promote the fame of Joao Rodrigues Cabrilho resulted in the establishment (1935) of a statewide annual Cabrillo Day (Sept. 28) and the creation of a Cabrillo National Monument at Point Loma (1935). Subsequently, the Clubs succeeded in having State Highway 1 christened the “Cabrillo Highway” (1957) and in fostering the issue of a U.S. postal stamp in the explorer’s honor (1989). Since World War II, the Clubs have also been known for many charitable activities, including: blood drives; fund raising for polio and cancer research; assisting candidates for U.S. citizenship; and, providing college scholarships for students of Portuguese descent. The Cabrillo Civic Clubs, Inc. also foster an interest in their communities in Portuguese customs and lore through sponsorship of various special events such as the annual San Diego Cabrillo Festival (last week of September); Portuguese Immigrant Week (first week of March); and, local Festas Portuguesas (generally around May 20).

Scope and Content
Most of these scrapbooks are loosely arranged (within the individual volume) according to the following plan: 1) State organizational materials; 2) Local Chapter materials ordered by Chapter number. Materials include newspaper CLIPPINGS, Chapter and State NEWSLETTERS, event PROGRAMS, ROSTERS, CONVENTION BOOKS, and REPORTS of local Chapters to State organization.

All scrapbooks since 1975 were created by the State Club Historian. From that date books contain materials pertaining to a single year and it was therefore logical to box the collection chronologically. No effort has been made to provide an exhaustive description of the contents of each scrapbook but “highlights” have in each case been noted as an aid to the researcher. Presence of materials on individual Chapters is noted through use of the Chapter’s number only. Other materials are denoted by the following abbreviations: Reports = Re. Clippings of more than local interest and other inserted materials not generated by the Clubs themselves are indicated in full. No attempt has been made to list issues of Chapter or State newsletters.
