[Identification of item], Military Department. Adjutant General. Indian War Papers, F3753, California State Archives.

Introduction

The Indian War Papers, 1850-80 (F3753), originated in the Adjutant General's Office. Encompassing 2-1/2 cubic feet, the records deal with attempts to suppress the Indians in California. Local militia groups were usually formed to eliminate the Indian Menace and pacify the frontier in specific areas of the state. This record group includes militia muster rolls, field reports, claims, correspondence and two volumes of *Expenditures for Military Expeditions Against Indians During the Years 1851-59*.

The first volume, 1850-52, arranged chronologically by date of expedition, contains an alphabetical index of members including warrant number; warrant member's date; name; whether a horse was furnished; military rank; number of horses purchased and amount paid; amount of supplies; amount of service; total amount; to whom delivered; by whom received; receipt number; and remarks. Lists of warrants returned to Controller's Office and recapitulation for each expedition are also included.

The second volume, 1854-59, includes company payrolls and duty rosters in no particular order.

Microfilmed.

1850 Los Angeles & San Diego Expeditions (F3753:1-8)
 El Dorado Expedition (F3753:9-45)

-
