Provenance/Source of Acquisition

Gift of John Blanton, 2012.

Biography/History

John A. Blanton was born in Houston, Texas. He received both a BA (1948) and BS (1949) in Architecture from Rice University. He moved to Los Angeles in 1950 and began working under architect Richard Neutra. In 1964 Blanton started his own practice in Manhattan Beach, California. He was a member of the American Institute of Architects. During his career, Blanton contributed articles to professional publications and published a weekly column for the Easy Reader Newspaper titled *Better Buildings* (1994-1996).

Scope and Content

The collection consists of architectural drawings and publications related to the career of architect John Blanton. The majority of the drawings represent resident dwellings with a small number of drawings for commercial buildings, some of which are unbuilt projects. Also included are six Compact Discs created by Blanton with pdf files of project drawings. The publications comprise articles both by and about John Blanton. Writings by Blanton include his column, *Better Buildings*, published in the *Easy Reader Newspaper*. Writings about Blanton consist of clippings and/or complete magazine publications from *AIA Journal*, *Sunset*, *Home*, and the *Los Angeles Times*, among others. Notably absent from the collection are materials directly related to Blanton's employment with Richard Neutra.

Organization and Arrangement

Collection has been organized into the following series:

Series 1. Architectural Drawings

Series 2. Publications

Subjects and Indexing Terms

Architectural Drawings.

Organization and Arrangement

The series is arranged alphabetically by client's name(s) noted on drawing(s).

Scope and Content

This series consists of architectural drawings that are predominantly for residences, with a small number of drawings for commercial buildings. Some of the rolled drawings include loose wrappers containing notes written by Blanton, some providing commentary about the project. Additionally included are six Compact Discs, created by Blanton, containing pdf files of project drawings.

Physical Characteristics and Technical Requirements

SERIES CONTAINS DIGITAL MATERIALS: Special equipment or further processing may be required for viewing. To access digital materials, please notify the reference desk in advance of your visit.
